## ERNESTO STEWART

Concepts Of Physics Penguin UK

This is one of Shakespeare's darkest comedies, for the romantic story of a young man, Bassanio, who has squandered his fortune and must borrow money to woo the wealthy lady he loves is set against the more disturbing story of the Jewish moneylender Shylock and his demand for the "pound of flesh" owed him by the Venetian merchant, Antonio. Here pathos and farce combine with moral complexity and romantic entanglement to display the extraordinary power and range of Shakespeare at his best. Each Edition Includes: • Comprehensive explanatory notes • Vivid introductions and the most up-to-date scholarship • Clear, modernized spelling and punctuation, enabling contemporary readers to understand the Elizabethan English • Completely updated, detailed bibliographies and performance histories • An interpretive essay on film adaptations of the play, along with an extensive filmography

As she goes about her work with the villagers, slum dwellers and the common men and women of India, Sudha Murty—writer, social worker and teacher—listens to them and records what they have to say. Their accounts of the struggles and hardships which they have at times overcome, and at other times been overwhelmed by, are put together in this book. There are stories about people's generosity—and selfishness—in times of natural disasters like the tsunami; women struggling to speak out in a world that refuses to listen to them; and tales of young professionals trying to find their feet as they climb up the corporate ladder. Told simply and directly from the heart, *The Old Man and His God* is a collection of snapshots of the varied facets of human nature and a mirror to the souls of the people of India. Is the End in Sight for Theoretical Physics? Pan Macmillan  
 A Simple Account of the World History 'Glimpses of the World History' is an account of the progress of the world through centuries and ages. This book is a collection of letters that Jawaharlal Nehru wrote to his daughter Indira when he was in various Indian prisons for three years. The letters were meant to introduce her to the world and its history. In the first few letters, Nehru expresses his sadness for not being able to be around his daughter and give her the materialistic gifts that other parents could but he promises to give her a gift that he could afford; in the form of knowledge and wisdom through words that come from the very core of his heart. Nehru wrote 196 letters and covered the history of mankind from 6000 BC to the time he was writing the letters. Tales of Empires A major part of these letters talks extensively about the rise and fall of empires around the world

and development of civilizations as well. Nehru talks about the histories of every significant place ranging from Greece in the far West to China in the east. The book talks about the wars that were fought during these years and the greatest revolutions that overthrew established dynasties. Nehru has also written about the legendary leaders and kings who have walked the earth including right from Alexander the Great to Mahatma Gandhi. A Different View Unlike many other books that talk more or less about particular history of specific cultures, this book is a panoramic view of the history of mankind. It talks about the barbarians as well as the well behaved societies in the far west. Nehru has written this book with lot of wit which makes it an interesting read.

A book, which places before the reader not only those basic and fundamental principles, but also indicates how we can help to fulfill them through our freedom by establishing a polity and social life, and through the instrumentality of a constitution and the dedication of the human material which this vast country will now throw up to work without any external fetters or internal inhibitions, will be welcomed by all. Shri R. K. Prabhu has proved his skill in making a selection of the most telling and significant passage from Mahatma Gandhi's writings and have no doubt that this volume will be a useful addition to the literature on the subject.

The Trip of Le Horla Penguin UK

The summer of '28 was a vintage season for a growing boy. A summer of green apple trees, mowed lawns, and new sneakers. Of half-burnt firecrackers, of gathering dandelions, of Grandma's belly-busting dinner. It was a summer of sorrows and marvels and gold-fuzzed bees. A magical, timeless summer in the life of a twelve-year-old boy named Douglas Spaulding—remembered forever by the incomparable Ray Bradbury. The only god living in Green Town, Illinois, that Douglas Spaulding knew of. The facts about John Huff, aged twelve, are simple and soon stated. • He could pathfind more trails than any Choctaw or Cherokee since time began. • Could leap from the sky like a chimpanzee from a vine. • Could live underwater two minutes and slide fifty yards downstream. • Could hit baseballs into apple trees, knocking down harvests. • Could jump six-foot orchard walls. • Ran

laughing. • Sat easy. • Was not a bully. • Was kind. • Knew the words to all the cowboy songs and would teach you if you asked. • Knew the names of all the wild flowers and when the moon would rise or set and when the tides came in or out. He was, in fact, the only god living in the whole of Green Town, Illinois, during the twentieth century that Douglas Spaulding knew of. "[Ray] Bradbury is an authentic original."—Time

 Adventures in Two Worlds – an autobiographical novel by A J Cronin, creator of television's Dr Finlay and author of *The Citadel* and many other bestsellers. A master storyteller, A J Cronin presents possibly his most fascinating tale. Taking material directly from his own life, he tells of the early struggles of a poor medical student in Scotland, the cruel crushing of all hopes of becoming a surgeon, the years as a ship's doctor and, later, life in the country practice that was the real Tannochbrae. There are many strange twists and turns – not the least of them the dramatic move from the world of medicine into that of literature when a novel 'written despairingly on twopenny exercise books, thrown out and rescued from the rubbish heap' was accepted by a publisher. And with Hatter's Castle a new career was born.

Eighteen-year-old Shaheen Mistri, having grown up around the world, spends the summer in Mumbai and wanders into the Ambedkar Nagar slum community. She sees Pinky, who becomes the first of the thousands of children whose lives she will touch on her journey. Hers are the endlessly compelling stories of the underprivileged children of India, the harsh realities that they face, and the hope and love that will catapult them into being a future generation of leaders. This is a story of the power of personal reflection and makes us ask ourselves the question, 'What is the greatest life I can live?' And in answer are the personal accounts of so many Teach For India Fellows and staff, India's best and brightest, who have shown that each and every one of us, working together, towards the belief that one day every child will have the opportunity to receive an excellent education, has the power to change the world.

A stalwart among Bengali writers, Ashapura Debi (1909-95) was one of those rare authors able to render the voice of an entire culture, to capture its nuances and most abiding traditions with startling precision and formidable insight. Each of the twenty-one stories in *Matchbox*, carefully selected from Ashapura Debi's extensive body of work and brilliantly translated from Bengali to retain the original flavour of the language and Debi's style, highlights the tensions inherent in a society of close-knit and interdependent families. In 'Poddolota's Dream', a young girl

returns to the scene of a harrowing childhood, magnanimous and victorious for reasons quite her own; in 'Grieving for Oneself', a midnight scare shows an ailing man precisely how he fits into the world he has worked his life to build; in 'Glass Beads Diamonds', a woman attends a wedding reception at her estranged in-laws', bearing a gift that has cost her far too much. In other stories, a family rues an unexpected disappearance of one of their own, two friends come to terms with a lost friendship, and a couple's relationship is interrupted the sudden appearance of an old flame. Written with singular insight, often shocking and always compelling, the stories in *Matchbox* reveal in brilliant sparks the universal verities embedded within narrow domestic walls and present a literary genius at work.

*The First Promise* is a translation of Ashapura Debi's novel, Pratham Pratisruti, originally published in Bengali in 1964. Celebrated as one of the most popular and path-breaking novels of its time, it has received continual critical acclaim: the Rabindra Puraskar (the Tagore Prize) in 1966 and the Bharatiya Jnanpith, India's highest literary award, in 1977. Spanning the late eighteenth and early twentieth centuries, Ashapura tells the story of the struggles and efforts of women in nineteenth-century, colonial Bengal in a deceptively easy and conversational style. The charming eight-year old heroine, Satyabati is a child bride who leaves her husband's village for Calcutta, the capital of British India where she is caught in the social dynamics of women's education, social reform agendas, modern medicine and urban entertainment. As she makes her way through this complex maze, making sense of the rapidly changing world around her, Satyabati nurtures hopes and aspirations for her daughter. But the promises held out by modernity turn out to be empty, instigating Satyabati to break away from her inherited world and initiate a quest that

takes her to the very heart of tradition.

A few years ago, a magazine sponsored a contest for the comment most likely to end a conversation. The winning entry? "I teach English grammar." Just throw that line out at a party; everyone around you will clam up or start saying "whom." Why does grammar make everyone so nervous? Probably because English teachers, for decades - no, for centuries - have been making a big deal out of grammar in classrooms, diagramming sentences and drilling the parts of speech, clauses, and verbals into students until they beg for mercy. Happily, you don't have to learn all those technical terms of English grammar - and you certainly don't have to diagram sentences - in order to speak and write correct English. So rest assured - *English Grammar For Dummies* will probably never make your English teacher's top-ten list of must-read books, because you won't have to diagram a single sentence. What you will discover are fun and easy strategies that can help you when you're faced with such grammatical dilemmas as the choice between "I" and "me," "had gone" and "went," and "who" and "whom." With *English Grammar For Dummies*, you won't have to memorize a long list of meaningless rules (well, maybe a couple in the punctuation chapter!), because when you understand the reason for a particular word choice, you'll pick the correct word automatically. *English Grammar For Dummies* covers many other topics as well, such as the following: Verbs, adjectives, and adverbs - oh my! Preposition propositions and pronoun pronouncements Punctuation: The lowdown on periods, commas, colons, and all those other squiggly marks Possession: It's nine-tenths of grammatical law Avoiding those double negative vibes How to spice up really boring sentences (like this one) Top Ten lists on improving your proofreading skills and ways to learn better grammar Just think how improving your speaking and writing skills will help you in everyday situations, such as writing a paper for school, giving a presentation to your company's big wigs, or communicating effectively with your family. You will not only gain the confidence in knowing you're speaking or writing well, but you'll also make a good impression on those around you! *A Tale of Two Cities Illustrated by (Hablot Knight Browne (Phiz))* Children's Book Trust
