This teaching guide is the result of 3 years of thinking, trying, rethinking, and trying again with an assignment sequence in which one instructor attempted to address the personal as well as the academic needs of students in the Program of Intensive English at the University of California at Santa Barbara. According to the guide, many of these students--Hispanics, African Americans, Asian Americans, Native Americans, and Caucasians--lack fluency in written English and find writing onerous. The guide states that the writing sequence combines reading, short writing exercises, and journal entries, plus individual and group activities that culminate in a series of essay assignments. It explains that this series focuses on the heritage and backgrounds of students, and takes them from "Noting Down" journal writings; through "Looking Back" personal recollection and family stories; through "Looking Into" research projects and research papers; to the "Thinking Through" thesis essay. The guide states that the curriculum is structured so that each assignment builds not only on preceding exercises and essay assignments, but also anticipates those that follow, and includes an introduction to the student's notebook that synthesizes all that has been discussed, written, and experienced. Appended are reading assignments, a list of 13 library resources, a list of 19 additional readings, and a grading rubric. (NKA)

Marriage's central role in The Church of Jesus Christ of Latter-day Saints distinguishes the faith while simultaneously reflecting widespread American beliefs. But what does Latter-day Saint marriage mean for men? Holly Welker presents a collection of essays exploring this question. The essayists provide insight into challenges involving sexuality, physical and emotional illness, addiction, loss of faith, infidelity, sexual orientation, and other topics. Conversational and heartfelt, the writings reveal the varied experiences of Latter-day Saint marriage against the backdrop of a society transformed by everything from economic issues affecting marriage to evolving ideas about gender. An insightful exploration of the gap between human realities and engrained ideals, *Revising Eternity* sheds light on how Latter-day Saint men view and experience marriage today.

As President Barack Obama outlined his promise for change during the presidential campaign, he made effective use of proverbs and proverbial phrases, and invented many quotable epithets that have all the makings of future proverbs. This book examines how Obama's natural and authentic reliance on traditional metaphors enhances his impressive rhetoric, rather than reducing it to mere sound bites. Proverbs, with their often colorful metaphors, add expressiveness and emotion to his communications, giving people the opportunity to follow his pragmatic or philosophical arguments through common language. No matter the subject, Obama's prose contains metaphorical language that makes his rhetoric and oratory universally accessible. This book contains detailed analyses of the proverbial rhetoric in Obama's books *Dreams from My Father* (1995) and *The Audacity of Hope* (2006). A section looks at his proverbial language in 229 speeches, news conferences, interviews, and radio addresses, and the final section presents in-depth studies of his seven most significant addresses. It includes a comprehensive contextualized index of 1714 proverbial texts found within the writings and speeches from Obama's political beginnings to his memorable inaugural address.

Americans have built an empire on the idea of "race," a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? *Between the World and Me* is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bravely confronts our present, and offers a transcendent vision for a way forward.

A First Nations former hockey star looks back on his life as he undergoes treatment for alcoholism in this novel from the author of *Dream Wheels*. Saul Indian Horse is a child when his family retreats into the woods. Among the lakes and the cedars, they attempt to reconnect with half-forgotten traditions and hide from the authorities who have been kidnapping Ojibway youth. But when winter approaches, Saul loses everything: his brother, his parents, his beloved grandmother—and then his home itself. Alone in the world and placed in a horrific boarding school, Saul is surrounded by violence and cruelty. At the urging of a priest, he finds a tentative salvation in hockey. Rising at dawn to practice alone, Saul proves determined and undeniably gifted. His intuition and vision are unmatched. His speed is remarkable. Together they open doors for him: away from the school, into an all-Ojibway amateur circuit, and finally within grasp of a professional career. Yet as Saul's victories mount, so do the indignities and the taunts, the racism and the hatred—the harshness of a world that will never welcome him, tied inexorably to the sport he loves. Spare and compact yet undeniably rich, *Indian Horse* is at once a heartbreaking account of a dark chapter in our history and a moving coming-of-age story. "Shocking and alien, valuable and true... A master of empathy."—Jane Smiley, Pulitzer Prize-winning author of *Golden Age* "A severe yet beautiful novel.... *Indian Horse* finds the granite solidity of Wagamese's prose polished to a lustrous sheen; brisk, brief, sharp chapters propel the reader forward."—Donna Bailey Nurse, *National Post* (Toronto)

Combining philosophy, science, and literature, *Mythic Worlds and the One You Can Believe In* examines lingering misconceptions of world history as a continuing source of international tension. Awareness of the natural continuum, currently gauged at some 13.8 billion years overall, disarms sectarian zealotry and, in retrospect, explains some of the difficulties the literary and philosophical traditions have had in accommodating their beliefs to what undeniably exists. To this day, beliefs incompatible with natural history continue to intensify nationalism and support terrorist movements. As a work mainly in natural philosophy, this book uses the consensus natural continuum to critique the more prominent and durable misconceptions.

This volume--along with its companion *Ethnolinguistic Chicago: Language and Literacy in the City's Neighborhoods*--fills an important gap in research on Chicago and, more generally, on language use in globalized metropolitan areas. Often cited as a quintessential American city, Chicago is, and always has been, a city of immigrants. It is one of the most linguistically diverse cities in the United States and home to one of the largest and most diverse Latino communities. Although language is unquestionably central to social identity, and Chicago has been well studied by scholars interested in ethnicity, until now no one has focused--as do the contributors to these volumes--on the related issues of language and ethnicity. *Latino Language and Literacy in Ethnolinguistic Chicago* includes: \*ethnographic studies based in home settings that focus on ways of speaking and literacy practices; \*studies that explore oral language use and literacy practices in school contexts; and \*studies based in community spaces in various neighborhoods. It offers a rich set of portraits emphasizing language use as centrally related to ethnic, class, or gender identities. As such, it is relevant for anthropologists, sociologists, linguists, historians, educators and educational researchers, and others whose concerns require an understanding of "ground-level" phenomena relevant to contemporary social issues, and as a text for courses in these areas.

What does it mean to be Chicana/o? That question might not be answered the same as it was a generation ago. As the United States witnesses a major shift in its population—from a white majority to a country where no single group predominates—the new mix not only affects relations between ethnic groups but also influences how individuals view themselves. This book addresses the development of individual and social identity within the context of these new demographic and cultural shifts. It identifies the contemporary forces that shape group identity in order to show how Chicana/os' sense of personal identity and social identity develops and how these identities are affected by changes in social relations. The authors, both nationally recognized experts in social psychology, are concerned with the subjective definitions individuals have about the social groups with which they identify, as well as with linguistic, cultural, and social contexts. Their analysis reveals what the majority of Chicanas/os experience, using examples from music, movies, and the arts to illustrate complex concepts. In considering ¿Quién Soy? ("Who Am I?"), they discuss how individuals develop a positive sense of who they are as Chicanas/os, with an emphasis on the influence of family, schools, and community. Regarding ¿Quiénes Somos? ("Who Are We?"), they explore Chicanas/os' different group memberships that define who they are as a people, particularly reviewing the colonization history of the American Southwest to show how Chicanas/os' group identity is influenced by this history. A chapter on "Language, Culture, and Community" looks at how Chicanas/os define their social identities inside and outside their communities, whether in the classroom, neighborhood, or region. In a final chapter, the authors speculate how Chicana/o identity will change as Chicanas/os become a significant proportion of the U.S. population and as such factors as immigration, intermarriage, and improvements in social standing influence the process of identification. At the end of each chapter is an engaging exercise that reinforces its main argument and shows how psychological approaches are applicable to real life. *Chicana/o Identity in a Changing U.S. Society* is an unprecedented introduction to psychological issues that students can relate to and understand. It complements other titles in the *Mexican American Experience* series to provide a balanced view of issues that affect Mexican Americans today.

Writing an amazing college admission essay is easier than you think! So you're a high school senior given the task of writing a 650-word personal statement for your college application. Do you tell the story of your life, or a story from your life? Do you choose a single moment? If so, which one? The options seem endless. Lucky for you, they're not. College counselor Ethan Sawyer (aka The College

Essay Guy) will show you that there are only four (really, four!) types of college admission essays. And all you have to do to figure out which type is best for you is answer two simple questions: 1. Have you experienced significant challenges in your life? 2. Do you know what you want to be or do in the future? With these questions providing the building blocks for your essay, Sawyer guides you through the rest of the process, from choosing a structure to revising your essay, and answers the big questions that have probably been keeping you up at night: How do I brag in a way that doesn't sound like bragging? and How do I make my essay, like, deep? Packed with tips, tricks, exercises, and sample essays from real students who got into their dream schools, *College Essay Essentials* is the only college essay guide to make this complicated process logical, simple, and (dare we say it?) a little bit fun.

"Lesbian and gay anthropologists write in "Out in the Field" about their research and personal experiences in conducting fieldwork, about the ethical and intellectual dilemmas they face in writing about lesbian and gay populations, and about the impact on their careers of doing lesbian/gay research. The first volume in which lesbian and gay anthropologists discuss personal experiences, "Out in the Field" offers compelling illustrations of professional lives both closeted and out to colleagues and fieldwork informants. It also concerns aligning career goals with personal sexual preferences and speaks directly to issues of representation and authority currently being explored throughout the social sciences.

A true story of Japanese American experience during and after the World War internment.

"**Yes We Can**" Unbound Publishing

On April 28, 1946, a small group of American wives and children arrived at the port of Bremerhaven, West Germany, the first of thousands of military family members to make the trans-Atlantic journey. They were the basis of a network of military communities—"Little Americas"—that would spread across the postwar German landscape. During a 45-year period which included some of the Cold War's tensest moments, their presence confirmed America's resolve to maintain Western democracy in the face of the Soviet threat. Drawing on archival sources and personal narratives, this book explores these enclaves of Americanism, from the U.S. government's perspective to the grassroots view of those who made their homes in Cold War Europe. These families faced many challenges in balancing their military missions with their daily lives during a period of dynamic global change. The author describes interaction in American communities that were sometimes separated, sometimes connected with their German neighbors.

From modern pop culture to anti-Blackness, faith and family, politics, education, creativity and working life; this anthology gives visibly Muslim women a space to speak. SPOILER ALERT: We won't be answering the usual questions! Perceived as the visual representation of Islam, hijab-wearing Muslim women are nevertheless rarely afforded a platform on their own terms. Harangued by awkward questions, radical commentators sensationalising our existence, non-Muslims and non-hijabis making assumptions, men speaking on our behalf, or stereotypical norms being perpetuated by the same old faces, hijabis are tired. *Cut from the Same Cloth?* seeks to tip the balance back in our favour. Here, twenty-one women of all ages and races look beyond the tired tropes, exploring the breadth of our experience and spirituality. It's time we, as a society, stop with the hijab-splaining and make space for the women who know.
