SCHULTZ POLLARD

Poetry Writing Houghton Mifflin Harcourt
Tallest, wisest, most studious--Lincoln was simply superlative! Get to know the personal side of Honest Abe (his LEAST FAVORITE nickname) through fresh and funny poems expressing his superlative nature. Abraham Lincoln is famous for many extremes: he was the TALLEST president, who gave the GREATEST SPEECH and had the STRONGEST

conviction. But did you know that he was also the MOST DISTRACTED farmer, the BEST wrestler, and the CRAFTIEST storyteller? Nineteen poems share fascinating stories about events in Lincoln's life, while history notes go even deeper into how he excelled. Don't forget to think of all the ways you, too, are superlative!

Mr. Popper and his family have penguins in the fridge and an ice rink in the basement in this hilarious Newbery Honor book that inspired the hit movie! How many penguins in the house is too many? Mr. Popper is a humble house painter living in Stillwater who dreams of faraway places like the South Pole. When an explorer responds to his letter by sending him a penguin named Captain Cook, Mr. Popper and his family's lives change forever. Soon one penguin becomes

twelve, and the Poppers must set out on their own adventure to preserve their home. First published in 1938, Mr. Popper's Penguins is a classic tale that has enchanted young readers for generations. This ebook features an illustrated biography of Richard and Florence Atwater including rare photos from the authors' estate.

Among the Hidden HarperCollins UK

In a future where the Population Police enforce the law limiting a family to only two children, Luke, an illegal third child, has lived all his twelve years in isolation and fear on his family's farm in this start to the Shadow Children series from Margaret Peterson Haddix. Luke has never been to school. He's never had a birthday party, or gone to a friend's house for an overnight. In fact, Luke has never had a friend. Luke is one of the shadow children, a third child forbidden by the Population Police. He's lived his entire life in hiding, and now, with a new housing development replacing the woods next to his family's farm, he is no longer even allowed to go outside. Then, one day Luke sees a girl's face in the window of a house where he knows two other children already live.

Finally, he's met a shadow child like himself. Jen is willing to risk everything to come out of the shadows—does Luke dare to become involved in her dangerous plan? Can he afford not to?

I'm Trying to Love Math Routledge

A unique, integrative, team-centered approach to writing and formatting technical documents
 Technical Professionals: Do you have difficulty producing high-quality documents with multiple contributors when faced with a tight deadline? Do you need a process that enables global team members to collaborate online as they produce sophisticated documents? Do you prefer the ease of a WYSIWG desktop publishing tool like Microsoft Word rather than more complex software like LaTeX?
 Professors and Graduate Students: Do you want to streamline the process of writing multi-investigator papers, reports, proposals, and books? Do you spend a lot of time formatting documents instead of thinking and writing? Do you write research papers in Microsoft Word and then need to convert them to LaTeX for your thesis? Do you write research papers in LaTeX and then need to convert them to Microsoft

Word when embarking on collaborations with your colleagues from industry?
 Undergraduate Students: Do you need to write a research paper and don't know where to start? Do you need to collaborate with classmates on a long paper and find yourself lost in organizational details rather than immersed in the content? If you answered "yes" to any of these questions, *Technical Writing for Teams: The STREAM Tools Handbook* is for you. It provides an easy-to-learn system that streamlines individual and collaborative writing, allowing you and your teams to instantly become more productive and create the highest quality documents in a minimum amount of time. Introduced here are the STREAM Tools—Scientific and Technical wRiting, Editing, And file Management Tools—which unlock your collaborators' potential and addresses team dynamics, separation of duties, and workflow. You'll see how to ensure compatibility among multiple writers, achieve consistent formatting, organize content, integrate bibliographic databases, automate the process of document preparation, and move content between Microsoft Word and LaTeX. Checklists,

guidelines, and success stories are also included to help you operate as efficiently as possible. From planning and editing documents to solving common team writing problems to managing workflow, *Technical Writing for Teams: The STREAM Tools Handbook* is the one-stop reference that allows teams to collaborate successfully and create unified, effective documents.

Sleeping with the Dictionary Perigee Trade

After having a bad start to the morning, Otto struggles to have positive interactions with his friends at school. During the day, he learns that he's having these difficulties because he is doing things backwards compared to what a true friend would do. He's being a "Dneirf." With the help of a school counselor and some friends, Otto turns his day, and himself, in the right direction, becoming a true forward friend once again. This story is a fantastic resource to teach children that social conflict is normal and can and will occur within friendships due to backwards behavior, not necessarily bullying. Sometimes friends just need a little help to turn those backwards behaviors forward again. *Be A Friend, Not a Dneirf!*
