With humor in the tradition of Robert Benchley and S. J. Perelman, this book reveals the absurdities of life in a law firm. Through memos, speeches, and committee meetings, the mythically inept firm of Fairweather, Winters & Sommers is described. In "Advanced Law Firm Mismanagement," the firm's founder, Stanley Fairweather, recalls the good--and not-so-good--old days and looks ahead

with a bit of trepidation at where the profession is going. In "The Ins & Outs of Law Firm Mismanagement," lawyers are seen through the eyes of the firm's non-lawyers--secretaries, paralegals, the computer tech--who know better than anyone else how ridiculous lawyers can be. In "Was That a Tax Lawyer Who Just Flew Over?" the lawyers are described from the perspectives of their clients and other outsiders.

Covering the often frustrating process of researching and securing

a law firm job and how to succeed once a job is secured, this is a mentoring guide for new lawyers at the beginning stages of their careers. It embodies a collective wisdom about the things lawyers wished they knew at the beginning of their careers, rather than the end. Subjects covered include traditional and creative job hunting, writing resumes and cover letters, first and second interviews, and developing relationships with firms as a summer associate. Using real-life

examples, this reference also focuses on the ultimate goal of being a satisfied and fulfilled lawyer and discusses

many of the daily workplace issues that new lawyers are often afraid to talk about -- handling firm

partners and assignments, courtroom etiquette, organisational tools, and dating within the firm.
