Return to the golden age of adventure with this gorgeously wrought, action-packed, globetrotting tale that combines the bravura storytelling of Kipling with the irresistible, illustrative style of Hergé's Adventures of Tintin. Behind the staid public rooms of an old world gentlemen's club operates a more

mysterious organization: The Explorers Guild, a clandestine group of adventurers who bravely journey to those places in which light gives way to shadow and reason is usurped by myth. The secrets they seek are hidden in mountain ranges and lost in deserts, buried in the ocean floor and lodged deep in polar ice. The aim of The Explorers Guild: to discover the mysteries that lie beyond the boundaries of the known world. This beautifully produced combination graphic novel and adventure tale, set against the backdrop of World War I, concerns the Guild's quest to find the golden city of Buddhist myth. The search will take them from the

Polar North to the Mongolian deserts, through the underground canals of Asia to deep inside the Himalayas, before the fabled city finally divulges its secrets and the globe-spanning journey plays out to its startling conclusion. "With its colorful cast, exotic locales, and intertwined fates, the book slowly addicts. A rousing throwback whose spinning plates never stop, even at the end," (Kirkus Reviews), *The Explorers Guild* is perfect for fans of the adventures of J.J. Abrams and C.S. Lewis.

Robinson Crusoe is a novel by Daniel Defoe, first published on 25 April 1719. The first edition credited the work's protagonist Robinson Crusoe as its author, leading many readers to believe he was a real person and the book a travelogue of true incidents.[2] Epistolary, confessional, and didactic in form, the book is presented as an autobiography of the title character (whose birth name is Robinson Kreutznaer)-a castaway who spends twenty-eight years on a remote tropical desert island near Trinidad, encountering cannibals, captives, and mutineers, before ultimately being rescued. The story has since been thought to be based on the life of Alexander Selkirk, a Scottish castaway who lived for four years on a Pacific island called "Más a Tierra", now part of Chile, which was renamed Robinson Crusoe Island in 1966,[3] but various literary sources have also been suggested. Despite its simple narrative style, *Robinson Crusoe* was well received in the literary world and is often credited as marking the beginning of realistic fiction as a literary genre. It is generally seen as a contender for the first English novel.[4] Before the end of 1719, the book had already run through four

editions, and it has gone on to become one of the most widely published books in history, spawning numerous imitations in film, television and radio that its name was used to define a genre, Robinsonade.

On an uncharted world, happiness is effortless and constant ... but can true joy exist without sacrifice? The people of Meriel have long believed their island world floats alone in the vast ocean universe, so they are astonished when another island drifts into view. With resources becoming scarce, Carya and Brantley quickly volunteer to search the new land for supplies. After navigating a barrier of menacing trees, the pair encounter a culture of perpetually happy people who readily share their talents and their possessions. But all is not what it seems. At the core of the island is a horror that threatens everyone, including Brantley and Carya. Freeing the villagers of the bondage they've chosen may cost Carya and Brantley more than they could have imagined. Even if the two succeed, they'll have to find a way to return to Meriel quickly ... or be cut off from their home forever.

Robinson Crusoe is a novel by Daniel Defoe, first published on 25 April 1719. This first edition credited the work's fictional protagonist Robinson Crusoe as its author, leading many readers to believe he was a real person and the book a travelogue of true

incidents. It was published under the considerably longer original title *The Life and Strange Surprising Adventures of Robinson Crusoe, Of York, Mariner: Who lived Eight and Twenty Years, all alone in an un-inhabited Island on the Coast of America, near the Mouth of the Great River of Oroonoke Having been cast on Shore by Shipwreck, wherein all the Men perished but himself. With An Account how he was at last as strangely deliver'd by Pyrates.* Epistolary, confessional, and didactic in form, the book is a fictional autobiography of the title character (whose birth name is Robinson Kreutznaer)-a castaway who spends years on a remote tropical island near Trinidad, encountering cannibals, captives, and mutineers before being rescued. The story is widely perceived to have been influenced by the life of Alexander Selkirk, a Scottish castaway who lived for four years on the Pacific island called "Más a Tierra" (in 1966 its name was changed to Robinson Crusoe Island), Chile. However, other possible sources have been put forward for the text. It is possible, for example, that Defoe was inspired by the Latin or English translations of Ibn Tufail's *Hayy ibn Yaqdhan*, an earlier novel also set on a desert island. Another source for Defoe's novel may have been Robert Knox's account of his abduction by the King of Ceylon in 1659 in "An Historical Account of the Island Ceylon," Glasgow: James MacLehose and Sons (Publishers to the University), 1911.

In 1865, English author CHARLES LUTWIDGE DODGSON (1832-1898), aka Lewis Carroll, wrote a fantastical adventure story for the young daughters of a friend. The adventures of Alice-named for one of the little girls to whom the book was dedicated-who journeys down a rabbit hole and into a whimsical underworld realm, instantly struck a chord with the British public, and then with readers around the world. Dodgson's playfulness-with language, with mathematical puzzles, with testy creatures such as the White Rabbit, the Mad Hatter and the Queen of Hearts-still confounds and teases lovers of fantasy fiction today. Alice acolytes continue to unravel the book's strange riddles, and constantly find new meaning in the unexpected underlying themes, from the trials of early adolescence to the value of nonsense. The conundrums and delights of Alice ensures its ongoing influence over modern pop culture. This unabridged replica edition features the original illustrations by English artist SIR JOHN TENNIEL (1820-1914), and is a treasured addition to any library.

THE TRUE STORY OF UNITED STATES NAVY RADIOMAN GEORGE TWEED AND HIS 31 MONTHS OF SURVIVAL ON JAPANESE-HELD GUAM DURING WORLD WAR II "DANIEL DEFOE would have admired George Ray Tweed, the American seaman whose ingenuity and self-reliance have caught the imagination of modern America as Robinson Crusoe's fascinated eighteenth century England. Defoe's hero was engaged almost solely in a struggle for survival against nature. "Crusoe and Tweed were most alike in the genius for contrivance, and Tweed doesn't suffer from comparison with his famous prototype. To construct his shelter and furniture, Crusoe brought from his ship planks and boards and a complete carpenter's chest of tools, in addition to two saws, an ax, "an abundance of hatchets," a hammer, nails and several knives. Tweed built his equipment without benefit of nails, using only a handsaw, a machete, and a pocketknife. He went on to fashion, with crude materials, a lamp, a lantern, and an ingenious alarm system. At one time he had electric lights in a part of the country where not even the best homes enjoyed such luxury. He kept in repair an almost worn-out typewriter, on which he produced a one-page underground newspaper. He tore apart an apparently useless radio, put it together again, and brought in news from a station thousands of miles away. "Tweed was born with common sense. A roustabout life as lumberman, stevedore,

and mechanic gave him self-reliance; hunting expeditions in Oregon and California taught him woodsmanship; the Navy instructed him in the techniques of communication. It was as if all his early life had been preparation for the grueling experience which he alone, of those who fled before the invading Japanese, survived. "I am glad to be the one to tell Tweed's story. In all important respects it is related here exactly as he gave it to me."

The Shipwreck Collection includes four novels: Robinson Crusoe, Gulliver's Travels, Treasure Island, and The Island of Doctor Moreau. Robinson Crusoe follows the sole survivor of a shipwreck on a deserted island. Confronted by hunger and the elements, Crusoe builds a home, grows crops, tames wild animals, and survives cannibals and mutineers. Gulliver's Travels shows how one man can be shipwrecked, then abandoned, then attacked by strangers, then attacked by his own crew. Gulliver believes what he is told, never perceives deeper meanings, is an honest man, and expects others to be honest. Treasure Island follows the adventures of a cabin boy named Jim Hawkins. Hawkins is in for the adventure of a lifetime, as he braves dangerous waters, lives through a mutiny, and searches for buried treasure. In The Island of Dr Moreau Edward Prendick finds himself shipwrecked in the middle of the ocean, but is soon rescued by a passing boat. He is taken to the island home of Doctor Moreau, who creates human-like hybrid beings from animals.

A National Bestseller! The great filmmaker Werner Herzog, in his first novel, tells the incredible story of Hiroo Onoda, a Japanese

soldier who defended a small island in the Philippines for twenty-nine years after the end of World War II. In 1997, Werner Herzog was in Tokyo to direct an opera. His hosts asked him, Whom would you like to meet? He replied instantly: Hiroo Onoda. Onoda was a former soldier famous for having quixotically defended an island in the Philippines for decades after World War II, unaware the fighting was over. Herzog and Onoda developed an instant rapport and would meet many times, talking for hours and together unraveling the story of Onoda's long war. At the end of 1944, on Lubang Island in the Philippines, with Japanese troops about to withdraw, Lieutenant Hiroo Onoda was given orders by his superior officer: Hold the island until the Imperial army's return. You are to defend its territory by guerrilla tactics, at all costs. . . . There is only one rule. You are forbidden to die by your own hand. In the event of your capture by the enemy, you are to give them all the misleading information you can. So began Onoda's long campaign, during which he became fluent in the hidden language of the jungle. Soon weeks turned into months, months into years, and years into decades—until eventually time itself seemed to melt away. All the while Onoda continued to fight his fictitious war, at once surreal and tragic, at first with other soldiers, and then, finally, alone, a character in a novel of his own making. In *The Twilight World*, Herzog immortalizes and imagines Onoda's years of absurd yet epic struggle in an inimitable, hypnotic style—part documentary, part poem, and part dream—that will be instantly recognizable to fans of his films. The result is a novel completely unto itself, a sort of modern-day Robinson Crusoe tale: a glowing, dancing meditation on the purpose and meaning we give our lives.

last as strangely deliver'd by Pyrates. Plot summary--Crusoe (the family name corrupted from the German name "Kreutznaer") sets sail from the Queen's Dock in Hull on a sea voyage in August 1651, against the wishes of his parents, who want him to pursue a career, possibly in law. After a tumultuous journey where his ship is wrecked in a storm, his lust for the sea remains so strong that he sets out to sea again. This journey, too, ends in disaster, as the ship is taken over by Sale pirates (the Sale Rovers) and Crusoe is enslaved by a Moor. Two years later, he escapes in a boat with a boy named Xury; a captain of a Portuguese ship off the west coast of Africa rescues him. The ship is en route to Brazil. Crusoe sells Xury to the captain. With the captain's help, Crusoe procures a plantation. Years later, Crusoe joins an expedition to bring slaves from Africa, but he is shipwrecked in a storm about forty miles out to sea on an island (which he calls the Island of Despair) near the mouth of the Orinoco river on 30 September 1659. The details of Crusoe's island were probably based on the Caribbean island of Tobago, since that island lies a short distance north of the Venezuelan coast near the mouth of the Orinoco river, in sight of Trinidad.[4] He observes the latitude as 9 degrees and 22 minutes north. He sees penguins and seals on his island. (However, seals and penguins live together in the Northern Hemisphere only around the Galapagos Islands.) As for his arrival there, only he and three animals, the captain's dog and two cats, survive the shipwreck. Overcoming his despair, he fetches arms, tools and other supplies from the ship before it breaks apart and sinks. He builds a fenced-in habitat near a cave which he excavates. By making marks in a wooden cross, he creates a calendar. By using tools salvaged from the ship, and

some he makes himself from "ironwood," he hunts, grows barley and rice, dries grapes to make raisins, learns to make pottery and raises goats. He also adopts a small parrot. He reads the Bible and becomes religious, thanking God for his fate in which nothing is missing but human society. More years pass and Crusoe discovers native cannibals, who occasionally visit the island to kill and eat prisoners. At first he plans to kill them for committing an abomination but later realizes he has no right to do so, as the cannibals do not knowingly commit a crime. He dreams of obtaining one or two servants by freeing some prisoners; when a prisoner escapes, Crusoe helps him, naming his new companion "Friday" after the day of the week he appeared. Crusoe then teaches him English and converts him to Christianity..... Daniel Defoe (1660 - 24 April 1731), born Daniel Foe, was an English trader, writer, journalist, pamphleteer, and spy, most famous for his novel Robinson Crusoe. Newell Convers Wyeth (October 22, 1882 - October 19, 1945), known as N. C. Wyeth, was an American artist and illustrator. He was the pupil of artist Howard Pyle and became one of America's greatest illustrators."

One of Will Self's best-loved novels, newly reissued by Grove, *The Book of Dave* begins when East End cabdriver Dave Rudman's wife takes from him his only son. In response, Dave pens a savage jeremiad against the contemporary world that filters his fearful bigotry through religious mania, with a generous dose of the London cabby's unique knowledge of the sprawling city. Dave buries the book in his ex-wife's Hampstead backyard, intending it for his son, Carl, when he comes of age. Five hundred years later, Dave's book is found by the inhabitants of Ham, a primitive

archipelago in post-apocalyptic London, where it becomes a sacred text of biblical proportions and the template for a new civilization. Equal parts dystopian fantasy, religious allegory, detective story, and tribute to the sometimes fraught relations between fathers and sons, *The Book of Dave* is an ingenious meditation upon the nature of religion and a caustic satire of contemporary life.

The Life and Adventures of Robinson Crusoe relates the story of a man's shipwreck on a desert island and his subsequent adventures. Epistolary, confessional, and didactic in form, the book is presented as an autobiography of the title character - a castaway who spends thirty years on a remote tropical island near Trinidad, encountering cannibals, captives, and mutineers, before ultimately being rescued. The story has been perceived to

be based on the life of Alexander Selkirk, a Scottish castaway who lived for four years on a Pacific island called "Más a Tierra," now part of Chile, which was renamed Robinson Crusoe Island in 1966. *The Further Adventures of Robinson Crusoe* describes how Crusoe settled in Bedford, married and produced a family, and that when his wife died, he went off on further adventures. Crusoe first returns to his island, and after that, circumstances take him off to Madagascar, then to Southeast Asia and China, and finally to Siberia. The story is speculated to be partially based on Moscow embassy secretary Adam Brand's journal detailing the embassy's journey from Moscow to Peking from 1693 to 1695. *Serious Reflections of Robinson Crusoe* is a collection of essays on spiritual and ethical subjects, written supposedly by Robinson Crusoe in his old years as he contemplates on the story of his life. Though sometimes noticeably dreary, it is quite interesting at some points, as it reveals some Defoe's ideas about morality and religion. Daniel Defoe (1660-1731), was an English writer, journalist, and spy, most famous for his novel *Robinson Crusoe*. Defoe is noted for being one of the earliest proponents of the novel, and he is considered one of the founders of the English novel.

Around the World in Eighty Days was published in 1873 and features Phileas Fogg as the protagonist. Fogg, a noble Londoner who lived on Savile Row, had made a wager at the Reform Club, for £20,000 (worth over a million pounds in 21st century value) that he could travel around the world in eighty days. Fogg is a very careful and precise man who has just fired his manservant for bringing him shaving water that was two degrees colder than he asked for. Fogg has a new valet, Jean Passepartout, a young Frenchman, who is looking forward to a quiet life with Phileas. *Around the World in Eighty Days* is Verne at his most fun – there was plenty of comic relief in the novel. He was able to use his own experience of recent travels to provide background for the narrative. The book was finished under a punishing deadline Verne set for himself – not unlike Fogg's deadline for circumnavigating the world. The book was the most successful in terms of sales during the author's lifetime, selling 108,000 copies before his death. This annotated edition includes a biography and critical essay.
