The real Prince in the words of those who knew him best—from award-winning author Touré. *Nothing Compares 2 U* is an oral history built from years of interviews with dozens of people

who were in Prince's inner circle—from childhood friends to band members to girlfriends to managers to engineers to photographers, and more—all providing unique insights into the man and the musician. This revelatory book is a deeply personal and candid discussion of who Prince really was emotionally, professionally, and

romantically. It tackles subjects never-before-discussed, including Prince's multiple personalities, his romantic relationships, his traumatic childhood and how it propelled him into his music career, and how he found the inspiration for some of his most important songs, including "Purple Rain," "Starfish and Coffee," and the unheard "Wally." Nothing Compares 2 U paints the most complete picture yet written of the most important and most mysterious artist of his time.

It was only supposed to

be a one-night thing. Amanda When I showed up at my friends' engagement party, the last thing I planned for was a wild one-night stand with the bride's older brother. On the other hand, Vincent DiMartino is smart, sexy—and safe. He doesn't want more than a quick hook-up--and neither do I. Or so I thought. When life tosses us together again, the same intense spark is still there. There's nothing wrong with a casual relationship . . . unless someone's heart is at risk. Vincent I'm not interested in long-term anything, and I have no desire for a serious relationship. My job as a pastry chef in my family's restaurant demands all of my time and attention. The

night I spent with Amanda Simmons was supposed to be just that—one night. But I didn't bargain for how much I'd enjoy her sense of humor, her intelligence and her sass . . . not to mention her unrepentant sensuality. Now that I realize I want more than just her body, can I persuade Amanda to take a chance on me? Will she risk her heart on the man who was only supposed to be a fling? Sometimes plans go awry. And sometimes, you just have to roll with it.

Raegan I was used to being the smartest person in a room, the nerd queen my boss looked to when things went wrong. And boy, did they go wrong. Super wrong. Enter Nico Daniels. Ex-military. Tall, built, smoking hot. He wears suits like they were poured onto his body. He has a mouth that would make Satan blush. And I thought my Nan was bossy? Nico makes her look tame. Girls like me want a guy as nerdy as them. Girls like me need a nerd on the streets and a beast in the sheets, but guys like that are practically impossible to find. They're rarer than the mythical unicorn, the legendary eight hours of sleep a night, or the fabled second orgasm. But a highly frustrated

girl's only got so much restraint. So, maybe one night won't hurt? Or two. Nico and I are all sorts of wrong for each other. Sure, the guy makes me scream his name in absolute ecstasy. But the rest of the time I want to smash my keyboard over his cocky head. And that's really not conducive to a healthy relationship. If only the man who was a beast in the sheets was a nerd on the streets. If only we had something in common. I need a little nerd in my man and Nico Daniels is anything but nerd. Isn't he? Nico I hated roleplay. I was bad at it. So, what's my new job? Play the jarhead security guard to some pixie who's got herself into a world of trouble with some shady online shit. The big boss likes

his security to look the part. My boss likes to keep him happy. So, it's Converse and nerdy t-shirts off, and tailored suits on and contacts in. Because the tech guy isn't quite so scary. Raegan Lane wasn't just in a world of trouble, she was in danger of troubling my strict, orderly world. The guy who's lived behind computers hasn't needed game in a long time, but this little nerd makes me want more than just a couple of games nights. She makes me want everything. But I've hidden from the world for so long, I've forgotten how to human. Every time I think I've worked out how to open up to her, all my walls slam back into place. My nerd side has never been what's got ladies into

bed - I've picked up a thing or two from my team mates. But that's the side this nerd queen would love, if only I'd let her know it. She's the code that could crack all my firewalls, but I'm not sure I know how to be the real me and be a guy someone could love. To keep her, I'm gonna need to let my nerd light shine bright. [The Perceptions of an Eighteen year old...](#) HopeRoad I spent twenty years of my life in the game. I made a lot of money, had more cars than one man could ever dream of having, and went to all the parties. Man, those were the

good ol days. Now all thats left are the stories I have to tell. Dont get me wrong, I still have lots of money, but as I sit here now at the age of forty-eight, I wonder if God understands the things Ive done. I wonder what hell say to me when I meet him face to face and try to explain it all. There are many other stories like mine, but my story has a twist to what I had done and why Ive done it. I went from rags to kingpin with the help from some good friends. The reason I am telling you my story is so you can get a feel of what my life has been like. And why I had to start a new one.

Between 1989 and

1991 several of Shakespeare's tragedies were performed in the central hall of Broadmoor Hospital. This book sets these important events on record. It offers insights into the impact of such drama, in such a setting, upon actors and audience. It includes interviews with the directors and the actors playing the title roles, as well as a description of the hospital and its community of patients and staff. The performances were given by actors from The Royal Shakespeare Company (Hamlet and Romeo and Juliet), The Royal National Theatre (King Lear) and the Wilde Community Theatre Company, a local amateur drama group (Measure for

Measure). An account is given of 'workshops' which took place after the performances. And a collage of comment, by actors and audience, is presented as a stream of corporate consciousness. The final section of the book has a more academic timbre, including chapters on performance and projective possibilities, the nature and scope of dramatherapy, and contributions on the place of drama in custodial settings by specialists from a variety of disciplines. When a young woman finds herself lost and at a crossroads, one last gift from her brother just might give her another chance at life and at love in this epic holiday romance from the author of *Always*, in December “Heartbreaking, romantic and full of warmth . . . waterproof mascara recommended!”—Sarah Morgan, author of *The Christmas Sisters*

ONE OF THE BEST BOOKS OF THE YEAR: PopSugar Sometimes the best gifts in life are the ones you don’t expect. Cassie and Tom lost their parents at a young age and relied on each other—as well as a community of friends—to cope. They were especially close

with Tom’s best friend, Sam, who always made sure that Tom and Cassie were surrounded with love. But, twenty years later, Cassie has lost Tom as well. And in a way, she’s also lost Sam; over the years they’d drifted apart, and now the man she always had a crush on is someone she doesn’t even recognize anymore. She’s never felt more alone. Then Cassie finds an envelope with her name on it, written in Tom’s terrible handwriting, and she knows immediately what it is. It’s the first clue in the Christmas scavenger hunt that Tom made for her every year; he’d promised her for months that this year’s would be the grandest one yet. At first, she’s

too scared to open the envelope—what if she can't figure out the clues without his help? Or what if she does figure them all out and her last connection to Tom is gone? Tom's present sets Cassie on a heart-wrenching and beautiful journey that will change her life—if she lets it. And as she travels from London to the Welsh mountains to the French countryside, she reconnects with old friends, rekindles a lost love, and, most important, rediscovers herself. But once she's solved the final clue, will she be brave enough to accept the gift her brother has given her—and the love it's led her to?

We asked twenty-six authors to write stories based on the Tarot, with the cards determining which stories the authors would write. Over the course of several months we reached out to some of the best genre authors and proposed our idea. Once we had our authors, we took a tarot deck and a list of all twenty-six names. We would read the author's name, shuffle the deck, and draw a card. That tarot card and its traits were all the authors had to go on. The card was removed, the deck was reshuffled, and the next name was read off. This anthology contains twenty-six stories based on the twenty-two cards of the Major Arcana and the four cards of the

Minor Arcana. Award-winning and New York Times bestselling authors combine their talents to deal out twenty-six dark tales influenced by the Tarot.

Telling someone that his or her life is whatever fate has in store for them is one thing. Now try telling them that they had a hand in designing that fate. With a strong belief in a higher power and faith in her place in life is how Catharine shows her perspective

of life. Karma, reincarnation and a refusal to use words like coincidence or accident are the basis of this belief system she has acquired for herself. 8-8-88

Symbols of a Life Path is a liberal dose of spiritualism mixed with conservative common sense. Being a Libra, Catharine shows her natural urge to balance the two. 8-8-88

Symbols of a Life Path has so many meanings to the author as she explains how she advanced her spiritual sense because of these symbols she recognized. These were obvious symbols in her life path that only confirmed her beliefs. A couple of predictions from a psychic were only a fun thing tried a few times for entertainment

purpose only. Then the predictions fulfilled themselves and the symbols thought of, as a coincidence became reality. When someone shows you your life chart and suddenly it becomes fulfilled to the last detail you tend to pay attention to the signs along the way. Now whose reality does she see and how does she base that perception? Catharine takes a look at the possibilities that may be behind the symbols she has been shown and the probability that she placed them there to help her see that karmic trail she must follow. A third child a dozen years after her second and a series of medical problems including cervical cancer were seen as symbols to Catharine. To look at these

changes in a sense of them being a burden or a misfortune is to limiting a thought for her. The symbols in her life path were put there because of the way they needed to shape her life. We all have a purpose and a time for everything we do. Our guides give us symbols along the way we just need to recognize them as the signs they are. It's never about what has happened to you, it's only about how you responded to it.

Love Is Rayven Skyy Paul rode his Sportster down the lonely back county highways with no destination in mind. The Lord would lead him and direct him to whatever or whoever needed him. Sometimes, the mission was painfully obvious, and other

times, Paul went by instinct. As he traveled, he recalled the early days when he was new to the mission field. His friend, brother, and mentor had taught him along the way. He smiled as he thought about Red. Big Red was a piece of work too—a dry sense of humor but fiercely loyal to only one, God's only son. He would talk consistently about the mission field. "Dude, it's an amazing thing to serve God. He is everywhere, man. Like, I mean in everything we see. Everyone we meet needs a touch from him, and he has sent us to do some touching. Sometimes it's just a kind word, and other times we need to get in some dudes face. He would laugh at his own joke. "Man, I'm here to tell

ya that some guys just don't get it. Ya got to be creative, bro, in a spiritual way. But most of all, ya got to look out for the unexpected. The enemy of this world is clever and a liar. If we ain't careful, we get caught up in the lie. Dude, be on your guard all the time." Red was right. Paul was now on his own, and the journey was tough. The attacks came from every angle, and all it took

was a small distraction, and the door to destruction swung open. Paul knew he would persevere if he kept his eyes on Jesus. The battle was on, and the war raged, but with God, all things were possible. The giants would fall, and strongholds will collapse before the Lord of truth and His messenger on two wheels. And for this mission, God had chosen Paul Johnson, the Iron Angel.
