Meet Hedgemond the Hunter - a brave and stubborn little hedgehog. Down in the wild woods he proudly tends his beloved house, but there are some animals who just can't understand what the fuss is about. Find out just how Hedgemond proves to the grumpy bear and the greedy boar that there is no

place like home. Hedgehog's Home is a story about caring for the place you call home. Set in the unspoilt environment of the 'wild woods', we find the wild creatures arguing about what home means: is it simply a place we should take for granted or is it something to be cherished and protected? Despite the persuasions of charming Miss Fox and the jeers of the angry wolf, Hedgemond steadfastly proves that his home is his castle, reminding us all to be true to ourselves and safeguard what we care for.

Hidden away in the Record Department of the sprawling Ministry of Truth, Winston Smith skilfully rewrites the past to suit the needs of the Party. Yet he inwardly rebels against the totalitarian

world he lives in, which demands absolute obedience and controls him through the all-seeing telescreens and the watchful eye of Big Brother, symbolic head of the Party. In his longing for truth and liberty, Smith begins a secret love affair with a fellow-worker, Julia, but soon discovers the true price of freedom is betrayal.

The novel *Ruta Tannenbaum* is by prolific, award-winning Croatian author Miljenko Jergović. First published in 2006, the story illuminates life and society in Yugoslavia between the world wars. The title character was inspired by real-life figure Lea Deutsch, the now-forgotten Shirley Temple of Yugoslavia, who was murdered in the Holocaust. Using their shared Jewish heritage as a

starting point, Jergovic constructs a fictional family history populated by historical figures with the precocious Ruta at the center. Stephen Dickey's translation masterfully captures Jergovic's colloquial yet deeply observed style, which animates the tangled and troubled history of persecution and war in Croatia.

Reminiscent of Scheherazade and One Thousand and One Nights, Gianni Rodari's *Telephone Tales* is many stories within a story. Every night, a traveling father must finish a bedtime story in the time that a single coin will buy. One night, it's a carousel that adults cannot comprehend, but whose operator must be some sort of magician, the next, it's a land filled with butter men who melt in the sunshine Awarded the Hans Christian Anderson Award in 1970, Gianni Rodari is widely considered to be Italy's most important children's author of the 20th century. Newly re-illustrated by Italian artist Valerio Vidali (*The Forest*),

From the preeminent writer of Taiwanese nativist fiction and the leading translator of Chinese literature come these poignant accounts of everyday life in rural and small-town Taiwan. Huang is frequently cited as one of the most original and gifted storytellers in the Chinese language, and these selections reveal his genius. In "The Two Sign Painters," TV reporters ambush two young workers from the country taking a break atop a twenty-four-story building. "His Son's Big Doll" introduces the tortured soul inside a walking advertisement, and in "Xiaoqi's Cap" a dissatisfied pressure-cooker salesman is fascinated by a young

schoolgirl. Huang's characters—generally the uneducated and disadvantaged who must cope with assaults on their traditionalism, hostility from their urban brethren and, of course, the debilitating effects of poverty—come to life in all their human uniqueness, free from idealization.

same time offering original reflections on traditional questions. The book includes essays and other artifacts that investigate professional neutrality, intellectual freedom, alternative literature, the social effects of technological change, the cultural identity of the librarian, "anarchist librarianship," the Cuba debate, Google's scanning project, subject heading reform, and other issues. The aim of the essays in Library Juice Concentrate is to provoke original thought and to encourage newcomers in the field to participate in professional discourse with confidence and with attention to the intellectual and political struggles of the past.

For many students, Noguchi believes,

Poetry and Childhood Bernard Jan Seized is a narrative portrait of a common brain disorder that can alter personality, illuminating the mind-body problem and the limits of free will. An invaluable resource for anyone touched

by epilepsy, *Seized* gives first-hand accounts of three ordinary patients with temporal lobe epilepsy (TLE), explaining what they suffer and how they cope. The book also tells the stories of creative luminaries diagnosed with or suspected of having TLE, including van Gogh, Dostoevsky, Lewis Carroll, Saint Paul, and Flaubert. The psychological implications of *Seized* are, according to Publishers Weekly, “staggering.” Kirkus Reviews called the book “Fascinating . . . LaPlante’s descriptions of the human brain are wonderfully concrete, her historical research is well presented, and her empathy for TLE’s victims is clear.” In this “fascinating account of medical research,” Howard Gardner noted, “LaPlante shows how a brain scar may cause bizarre aggressive or sexual

behavior—and works of profound creative imagination.”
