"For four years, from
the election of John
Fitzgerald Kennedy in
November 1960 until
after the election of
Lyndon Johnson in
1964, Clint Hill was the
Secret Service agent
assigned to guard the
glamorous and

intensely private Jacqueline Bouvier Kennedy. During those four years, he went from being a reluctant guardian to a fiercely loyal watchdog and, in many ways, her closest friend"--

Darker Than Love

Simon and Schuster Friedrich 'Fritz' Thyssen was a leading German industrialist. In 1923 General Ludendorff advised Thyssen to attend a speech to be given by Hitler, and Thyssen was very impressed, and primarily due to his strident opposition to the Treaty of Versailles he began to make large donations to the party. His principal motive appears to have been his fear of communism, but he was not initially politically aligned to the Nazis, and

remained a member of the German National People's Party until 1932. The following year he overcame his inhibitions and formally joined Hitler's National Socialists. In November, 1932 Fritz Thyssen and Hjalmar Schacht were the main organizers of a letter to President von Hindenburg urging him to appoint Hitler as Chancellor. Thyssen also persuaded the Association of German Industrialists to donate three million Reichsmarks to the Party for the March, 1933 Reichstag election. As a reward, he was elected a Nazi member of the Reichstag. He welcomed the suppression of the Communist Party, the Social Democrats and the trade unions and

gained enormously by the strict control over workers' rights. His financing of the Nazis initially proved to be a sound investment. Thyssen accepted the exclusion of Jews from German business and professional life by the Nazis, and dismissed his own Jewish employees. But as a Catholic, he objected to the increasing repression of the Roman Catholic Church, which gathered pace after 1935. Thereafter he experienced his 'awakening' to what was happening and drifted away from Hitler. He was against the violent pogrom against the Jews in November 1938, known as Kristallnacht, which caused him to resign from the Council of State. By 1939 he

was also bitterly criticizing the regime's economic policies, which were subordinating everything to rearmament in preparation for war. At the beginning of September 1939, following his son-in-law's death in Dachau--and knowing that his opposition to Hitler made him a 'marked man'--he escaped to Switzerland. In 1940 Thyssen took refuge in France, but was caught up in the German invasion of France and the Low Countries while he was visiting his sick mother in Belgium. He was arrested and sent back to Germany, where he was confined, first in a sanatorium near Berlin, then from 1943 in Sachsenhausen. In February 1945 he was

sent to Dachau but survived the war. Prior to his arrest he had dictated his memoirs which he entrusted to an American journalist, Emery Reves, and these memoirs--the subject of this book--was first published in the USA at the end of 1941.

The Green King

Princeton University Press

Judith Warner was once the pharmacist in Green Falls, where XIII spent part of his youth. And she was once his ally, and lover of one night... The beautiful, independent Judith has her life turned upside down by hurricane Jason McLane just like so many others, and leaves for California to start a new life. There she leads a quiet existence, up until the day a woman she's

never met before rings at her door, and throws everything into chaos once again, as her past resurfaces...

The Scavengers

National Geographic Books

Janis Joplin was the skyrocket chick of the sixties, the woman who broke into the boys' club of rock and out of the stifling good-girl femininity of postwar America. With her incredible wall-of-sound vocals, Joplin was the voice of a generation, and when she OD'd on heroin in October 1970, a generation's dreams crashed and burned with her. Alice Echols pushes past the legacy Joplin-the red-hot mama of her own invention-as well as the familiar portrait of the screwed-up star victimized by the era

she symbolized, to examine the roots of Joplin's musicianship and explore a generation's experiment with high-risk living and the terrible price it exacted. A deeply affecting biography of one of America's most brilliant and tormented stars, *Scars of Sweet Paradise* is also a vivid and incisive cultural history of an era that changed the world for us all.

The Body in the Basement Writer

On September 11th 2001, Carmen Bin Ladin heard the news on the radio that the Twin Towers had been struck. She instinctively knew that her brother-in-law's name would be linked to these horrifying acts of terrorism, and her heart went out to the

victims in America. She also knew that her life and the lives of her family would never be the same again. In 1974 Carmen, half Swiss and half Persian, married Yeslam Bin Ladin and found herself inside the complex and vast clan of Bin Laden, part of a society that at that point she neither knew nor understood. Carmen Bin Ladin's story takes us inside one of the most powerful, secretive and repressive kingdoms in the world.

Mrs. Kennedy and Me Hachette UK

A sweeping and poignant story of Ashkenazi Jews fleeing the Russian pogroms at the end of the 19th Century, as well as a parable of the making of a modern society and the extent to which religion and

mysticism meet. Inspired by a story told to the author by his grandmother. For the family of the little red-headed Malka, trading the Russian shtetl for the Argentine pampas isn't so easy. Even in a country eager to populate its vast territories, the immigrants discover that their new home isn't the promised land. They encounter hostility from both man and nature, as they struggle through droughts and locusts in an attempt to cultivate the arid soil. When misery pushes them to the extreme, Malka's uncle is visited by the prophet Elias, who advises that he create a Golem--the mythical creature fashioned from earth and endowed with life by engraving on his body

the word Emet ("Truth")--to pose as a man and aid the immigrants. When years later the adult Malka is visited by Elias, the events of her youth force her to decide whether or not she can maintain her silence--with fate and divine justice hanging in the balance. Winner of the Best Foreign Graphic Album award at the Angoulême Festival.

One Hundred Thousand

Years of Man's Unknown History
 Macmillan
 500+ PAGES OF "CAPTIVATING" AND "UTTERLY CONSUMING" STANDALONE ENEMIES-TO-LOVERS ROMANCE Once upon a cold, dark night, a Russian killer stole me from an alley. I'm dangerous, but he is lethal. I escaped once. He won't let me do it twice. The revenge is his. The betrayal is mine. But so are the lies to protect the ones I love. We're cut from the same twisted cloth. Both merciless. Both damaged. In his embrace, I find hell and heaven, his cruelly tender touch destroying and uplifting me at once. They say a cat has nine lives, but an assassin has just one. And Yan

Ivanov now owns mine.
The Mysterious Unknown Harry N. Abrams
 In 1678, against a backdrop of paranoiac fear of Catholicism, Titus Oates and his followers succeeded in convincing both Parliament and the public of a Jesuit and Catholic conspiracy to assassinate Charles II and overthrow the Protestant establishment. As a result, hundreds of Catholics suffered imprisonment and 24 were executed. Here is the background of that plot, its development, and its long-term repercussions. "With the technical mastery of a seasoned professional...he retells in vivid detail an extraordinary tale of human credulity, knavery, and folly."--

The Times.
I Am The Wind
Metropolitan Books
In this riveting sequel to the instant New York Times bestseller, *Maestra*, femme fatale Judith Rashleigh once again leads readers into the mesmerizing and dangerous underworld of Europe's glamorous elite. Since opening her own art gallery in Venice, Judith Rashleigh—now Elisabeth Teerlinc—can finally stop running. She's got the paycheck, lifestyle, and wardrobe she always dreamed of, not to mention the interest of a Russian billionaire. But when a chance encounter in Ibiza leads to a corpse that is, for once, not her own doing, she finds her life is back on the line—and she's more alone than ever. It

seems Judith's become involved with more than just one stolen painting, and there is someone else willing to kill for what's theirs. From St. Moritz to Serbia, Judith again finds herself maneuvering the strange landscapes of wealth, but this time there's far more than her reputation at stake. How far will *Rage* take Judith? Far enough to escape death? The second installment in an unforgettable trilogy, *Domina* is the next sexy, ruthless, and decadent thriller from mastermind L. S. Hilton, and an adventure that will push Judith further than even she imagined she could go. *Anthropology and Development House of Anansi*
This important book

explores animal exploitation in the fashion industry. Drawing on a fascinating array of historical fashion images, the author argues that there is a hidden history of global impact on animals and the environment by the fashion world, from extinction to large-scale industrial confinement and killing. The book helps to understand why we are so drawn to animal materials in fashion, and what can be done to bring about change. This is a thoroughly researched and beautifully illustrated study that also celebrates emerging innovations that could replace the use of animals altogether in our clothing.

The Katyń Massacre

Weidenfeld & Nicolson

As a young boy,
Jacques Henri Lartigue
(1894-1986) set about
passionately recording

his life in photographs, first documenting his domestic circle and later capturing the auto races, air shows, and fashionable watering holes of the Belle époque. His images have so bewitched modern viewers that even scholars have failed to see them clearly. In *Jacques Henri Lartigue: The Invention of an Artist*, Kevin Moore puts to rest the long-held myth of Lartigue as a naïve boy genius whose creations were based on instinct alone. Moore begins by exploring the milieu in which Lartigue became a photographer, examining his father's crucial role in teaching him the latest techniques as well as the larger context of the turn-of-the-century craze for amateur

photography. Two events brought Lartigue before the public eye in America and created the Lartigue myth: In the summer of 1963, the first exhibition of Lartigue's work in the United States was held at the Museum of Modern Art, which hailed him as an important modernist photographer, a forerunner of the art-documentary style of the 1960s. That fall, *Life* magazine published a feature presenting his work as an optimistic and sentimental prologue to World War I. Both treatments portrayed him as a naïve genius and Lartigue happily participated in shaping this new persona. In *Jacques Henri Lartigue: The Invention of an Artist*, Moore

successfully challenges the Lartigue myth using examples from popular magazines and the cinema. Illustrated with more than fifty of Lartigue's photographs

and drawings as well as press imagery from the period, the book offers a radical reassessment of the photographer and his work.
