*The Art of Dealing With
People* Mandala
Publishing
“If freedom and joy are
what you seek, I
couldn’t recommend
this book more.”
—Rhonda Byrne, New
York Times best-selling
author of *The Secret*

and *The Greatest
Secret Happiness Is
Free* is filled with
profound insights and
practical tools that will
guide you to let go of
painful feelings,
unwanted thoughts,
and negative stories
and naturally open up
to the happiness and
unlimited potential that
is within you right now.
And it’s easier than
you think. Simple but

powerful questions for self-inquiry and effective techniques will empower you to gently let go of what, just a moment ago, seemed like an unsolvable issue or overwhelming emotion—anything from anger and frustration to fear, anxiety, and stress. You'll learn how to apply easy-to-use practices for letting go—including Holistic Releasing, Triple Welcoming, and others—to find more joy and peace of mind in every area of your life. In each chapter, renowned teachers Lester Levenson and Hale Dwoskin (New York Times best-selling author of *The Sedona Method*) offer life-changing opportunities to break free from self-imposed blocks and

rediscover the real, unlimited you—and the ultimate happiness that is your birthright. Their combination of liberating insights, inspiration, and deep releasing explorations make this book a treasured companion for anyone who is seeking to navigate everyday life with greater ease, clarity, and sense of true purpose. "One of my most treasured books that changed my life is Lester's *Keys to the Ultimate Freedom*. It features Lester's words and insights drawn from decades of his teachings, and it is the only book that sits on my bedside table. Unfortunately the book has been out of print for a long time, but Hale Dwoskin has taken all of Lester's teachings from *Keys to*

the Ultimate Freedom and put them in this new book, along with many of the releasing methods from the Sedona Method. You have the best of Lester's teachings and his methods in this one book, and if freedom and joy are what you seek, I couldn't recommend this book more. I used the Sedona Method occasionally over a ten-year period and found enormous benefit from it. Then, when I met my teacher -- who was a student of Lester Levenson's -- four years ago, Lester's releasing methods became a crucial part of my everyday life and my awakening." -- From the forward by Rhonda Byrne, New York Times best-selling author of *The Secret* and *The Greatest*

Secret "Happiness is about remembering who you really are, and if you have forgotten, this book is an excellent reminder."

—Deepak Chopra, author of *The Seven Spiritual Laws of Success* "If the roots of all suffering are attachments to the external, the roots of true joy are found only within. This book maps the ways to a profound state of peace."

—James Redfield, author of *The Celestine Prophecy* "Be set free with the brilliance and insights in this book."

—Mark Victor Hansen, co-creator of the #1 New York Times best-selling series *Chicken Soup for the Soul®*

"Once in a human while, an individual comes along who has unlocked the secrets of happiness and opens

the door for others to follow. Lester Levenson was such a one.... Happiness Is Free offers rare and penetrating insight into the freedom we all long for. This book can take you home.” —Alan Cohen, author of *The Dragon Doesn't Live Here Anymore*

Thoughts Are Things is a wonderful, motivational text from two acclaimed public speakers and accomplished authors—Bob Proctor and Greg S. Reid. What mind-set determines whether or not a person will be successful? Do successful people think differently from those who never reach their potential? How can we change our thoughts so that the result of every

thought—the offspring of thought—sets us up to win rather than lose? Bob Proctor and Greg S. Reid, authorized by the Napoleon Hill Foundation, delve deeply into the science and psychology of thought, and how thinking is vitally important to a meaningful, successful life. In their interviews with neuroscientists, cardiologists, spiritual teachers, and business leaders, the authors show in *Thoughts Are Things* how we can think to live!

Count Your Blessings Simon and Schuster
Florence Scovel Shinn taught metaphysics in New York for many years. Her meetings were well attended and in that way she was the means of bringing

the message to a considerable number of people. Her books have had a wide circulation not only in America but abroad. They seem to have a knack of finding their way to remote and unexpected places in Europe and other parts of the world. Now and again we meet someone who came into Truth through finding a Florence Shinn book in the most improbable location. One secret of her success was that she was always herself . . . colloquial, informal, friendly, and humorous. She never sought to be literary, conventional, or impressive. For this reason she appealed to thousands who would not have taken the spiritual message through the more

conservative and dignified forms, or have been willing to read . . . at least in the beginning . . . the standard metaphysical books. She herself was very spiritual, although this was usually hidden behind a matter of fact and carefree treatment of her subject. The technical or academic approach was not for her. She taught by familiar, practical, and everyday examples. She had been by profession an artist and book illustrator before becoming a Truth teacher, and belonged to an old Philadelphia family. She left a collection of notes and memoranda which have been made into the present book. May it have a wide circulation. —Emmet Fox

Through John Wheeler and other influential teachers, and through his two books of dialogues, Sailor Bob Adamson has become a familiar name to those interested in non-dual spirituality. With assistance from friends and family, and from Bob himself, Kalyani Lawry has

compiled an absorbing account of his life illustrated with photographs from Bob's personal collection. The second part of *Only That* consists of dialogues which have an immediacy that is "closer than your breathing, nearer than your hands and feet" and a depth that reflects Bob's life experience while pointing clearly to the ultimate reality, "Thou art That".

The Science of Getting Rich Simon & Schuster Limited
The Higher Reality of Business The health of business is inextricably linked with the health of humanity and

nature. But our current approaches to leadership treat business as entirely separate—and the result has been recurring economic, environmental, and human crises. In this extraordinary book, Ram Nidumolu uses evocative parables and stories from the ancient Indian wisdom texts, the Upanishads, to introduce Being-centered leadership. This new kind of leadership is anchored in the concept of Being, the fundamental reality that underlies all phenomena. Being-centered leaders are guided by an innate sense of interconnection—the good of the whole becomes an integral part of their decisions and actions. Using the experiences of over

twenty trailblazing CEOs, as well as those from his own life, Nidumolu describes a four-stage road map every aspiring leader can use to reconnect business to the wider world—to the benefit of all.

Only That Simon and Schuster

When a career-ending injury left elite athlete and professional football player Lewis Howes out of work and living on his sister's couch, he decided he needed to make a change for the better. He started by reaching out to people he admired, searching for mentors, and applying his past coaches' advice from sports to life off the field. Lewis did more than bounce back: He built a multimillion-dollar online business and is

now a sought-after business coach, speaker, and podcast host. In the New York Times bestseller *The School of Greatness*, Howes shares the essential tips and habits he gathered in interviewing "the greats" on his wildly popular podcast of the same name. In discussion with people like Olympic gold medalist Shawn Johnson and Pencils of Promise CEO Adam Braun, Howes figured out that greatness is unearthed and cultivated from within. The masters of greatness are not successful because they got lucky or are innately more talented, but because they applied specific habits and tools to embrace and overcome adversity in their lives.

A framework for personal development, The School of Greatness gives you the tools, knowledge, and actionable resources you need to reach your potential. Howes anchors each chapter with a specific lesson he culled from his greatness "professors" and his own experiences to teach you how to create a vision, develop hustle, and use dedication, mindfulness, joy, and love to reach goals. His lessons and practical exercises prove that anyone is capable of achieving success and that we can all strive for greatness in our everyday lives. *See It, Feel It, Have It* Simon and Schuster Easy, fun, and everyday Buddhism activities for kids With
