Alto Saxophone Student  
Mel Bay Publications  
This collection of ten jazz  
etudes with  
accompanying audio  
provides intermediate to  
advanced alto sax  
students with a fun and  
effective way to learn to  
play in the specific odd

meters: 3/4, 5/4, 7/4, and  
9/4. Each etude is based  
on the chord progression  
of a different jazz  
standard, and includes an  
in-depth analysis of the  
melodic, harmonic, and  
rhythmic devices used.  
The addition of the odd-  
time ingredient, along  
with completely original  
melodies and improv  
lines, converts what would  
be mere academic etudes  
to a delightful jazz

listening and playing  
experience. If you want to  
improve your fluency in  
reading, performing, and  
improvising in odd time  
signatures, this is the  
book for you! A generous  
number of preparatory  
exercises gradually  
introduce the student to  
not only reading music,  
but also “hearing how  
phrases land within a  
measure” of odd time.  
Play-along audio tracks

featuring a professional rhythm section (piano, bass, and drums) minus the sax track allow you to play as the soloist. Includes access to online audio.

*Melodious and Progressive Studies for Saxophone* Omnibus Press  
Twelve jazz saxophone etudes based on blues, rhythm changes and standard chord progressions. This book distills the complex language of jazz improvisation into clear, understandable terms. Includes two CD set on

which the author performs each etude on alto and tenor saxophone. Includes style and analysis section, revealing compositional techniques used to compose the etudes, as well as a detailed guide on suggested practice guidelines for intermediate, advanced and professional level players. The CDs include each etude performed by author, Greg Fishman on saxophone. One disc is performed on tenor saxophone, and the other on alto saxophone. Detailed description of

play-along CDs: 25 tracks per disc; 12 etudes, first played by the author with sax, piano, bass and drums, followed by an extended version of the etude with just piano, bass and drums, which serves as a play-along background for students playing the etudes. The 25th track of the cd is a tuning track, with piano playing concert A and Bb tuning notes.

[48 Studies for the Alto Saxo Eb Op 31](#) Alfred Music Publishing  
The Forty-eight Studies have long been one of the

standard teaching tools for oboists and saxophonists seeking to develop their skills to an advanced level. Newly engraved from the original publication, this edition presents a clean copy of Ferling's compositions without the editorial markings incorporated into other versions available today. Apparent omissions in the original publication are indicated by parentheses or dotted lines. This faithful presentation gives the performer a much wider variety of

interpretive choices, allowing these studies to fulfill their mission of teaching musicianship, as well as playing technique. *Rhythm Etudes* Alfred Music Publishing This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no

The Essence Of The Blues Southern Music Company Intermediate Jazz Conception: Alto & Baritone Sax is another addition to the popular series of etude books created by Jim Snidero, featuring some of the finest jazz musicians in the world. This Book & CD set includes 15 etudes based on standards, modal tunes and blues, demonstrated by a soloist with the incredibly swinging rhythm section

of Dave Hazeltine on piano, Peter Washington on bass, and Kenny Washington on drums. New to Intermediate Jazz Conception is an appendix dedicated to style and improvisation, including a scales syllabus, nomenclature, and over 95 lines and ideas extracted for the study of improvisation! The recording features two separate versions of each etude; one with the soloist and rhythm section and one with the rhythm section only. Hear how the soloist performs the

etudes, play with or without the soloist on the CD, and learn about both jazz style and improvisation from some of the best. Other series available by Jim Snidero include Easy Jazz Conception and Jazz Conception. English/German Edition 12 Contemporary Jazz Etudes Hassell Street Press The Belwin Student Instrumental Course is a course for individual instruction and class instruction of like instruments, at three

levels, for all band instruments. Each book is complete in itself, but all books are correlated with each other. Although each book can be used separately, all supplementary books should be used as companion books with the method.

**Practical Studies for Saxophone, Bk 1** Alfred Music Publishing

Playing jazz on a high level is not an easy accomplishment. It

involves thoroughly learning your instrument, playing in a variety of tempos, keys, knowledge of chords and chord progressions, knows the jazz vocabulary along with the sounds and shapes of the music. The main concept in this "Medium-Easy Etude" book is to learn the etudes by listening to the CD recording. It is not just the choice of notes, but how they are played that makes the music sound compelling. Listen to the attacks, sustain, decay articulation, vibrato,

glissando, and dynamic shape of each note and phrase. These qualities give the music the feel and sound which make it jazz.
