The Faerie Queene is a scholarly masterpiece that has influenced, inspired, and challenged generations of writers, readers and scholars since its completion in 1596. Hamilton's edition is itself, a masterpiece of scholarship and close reading. It is now the standard edition for all readers of Spenser. The entire work is revised, and the text of The Faerie Queene itself has been freshly edited, the first such edition since the 1930s. This volume also contains additional original material, including a letter to Raleigh, commendatory verses and dedicatory sonnets, chronology of Spenser's life and works and provides a compilation of list of characters and their appearances in The Faerie Queene.

This pioneering anthology introduces many previously neglected eighteenth-century writers to a general readership, and will lead to a re-examination of the entire canon of Irish verse in English. Between 1700 and 1800, Dublin was second only to London as a center for the printing of poetry in English. Many fine poets were active during this period. However, because Irish eighteenth-century verse in English has to a great extent escaped the scholar and the anthologist, it is hardly known at all. The most innovative aspect of this new anthology is the inclusion of many poetic voices entirely unknown to modern readers. Although the anthology contains the work of well-known figures such as John Toland, Thomas Parnell, Jonathan Swift, Patrick Delany, Laetitia Pilkington and Oliver Goldsmith, there are many verses by lesser known writers and nearly eighty anonymous poems which come from the broadsheets, manuscripts and chapbooks of the time. What emerges is an entirely new perspective on life in eighteenth-century Ireland. We hear the voice of a hard working farmer's wife from county Derry, of a rambling weaver from county Antrim, and that of a woman dying from drink. We learn about whale-fishing in county Donegal, about farming in county Kerry and bull-baiting in Dublin. In fact, almost every aspect of life in eighteenth-century Ireland is described vividly, energetically, with humor and feeling in the verse of this anthology. Among the most moving poems are those by Irish-speaking poets who use amhran or song meter and internal assonance, both borrowed from Irish, in their English verse. Equally interesting is the work of the weaver poets of Ulster who wrote in vigorous and energetic Ulster-Scots. The anthology also includes political poems dating from the reign of James II to the Act of Union, as well as a selection of lesser-known nationalist and Orange songs. Each poem is fully annotated and the book also contains a glossary of terms in Hiberno-English and Ulster Scots.

The second title in a poetry series for younger readers. The author introduces his own work: 'The poems in this series are designed to make you think as you sing, to help you discover the beauty of poetry as a companion of music and the product of human imagination... Many of the poems deal with nature and the environment; rural life and city life; time and the seasons; the foods you eat; little things and big things; 'riddles' which show you the difference between right and wrong; things which make you laugh or cry; and wise sayings which will help increase your wisdom...there are also poems about Nigeria our country, Africa our continent, and the world at large.' Niyi Osundare is perhaps Nigeria's greatest living poet, and one of Africa's finest literary scholars. He is the author of many books of poetry, plays and essays. Images of the Heart: The Authors Mind is just the thoughts or emotions of Samuels other book, Images of the Heart, which is a collection of writings in rhythmic poetry form penned by Samuel R. Merritt Sr. Most of these writings were inspired by the request or actions of others. In Samuels other book, sometimes simple statements from others was all the inspiration that was needed. Each poem tells a story in its own way. They relate the hope of feelings that others want to express to another. Yet, these words are stated through the view and incite of the poet. He reveals a different perspective from the considered normal view. His words are not from inside the box out, but from outside the box in. The words are designed to tell the story of the subject of the poem, from the view point of the subject. That is the subject is telling you its own story so you can see from its eyes what it sees.
