 Latin for Common Entrance One is the first book in Nicholas Oulton's new Latin course, combining your favourite elements of So You Really Want to

Learn Latin, Latin Prep and Ab Initio, but now it maps precisely to the new ISEB syllabus and contains passages and question types in line with the revised Common Entrance exam. This extensively revised book is ideal for Latin beginners, introducing pupils to regular verbs and sum in the present, imperfect and perfect tenses, nouns of the first two declensions, adjectives of the 1st/2nd declension, prepositions and numerals. All the grammar, vocabulary and syntax on the Level 1 syllabus is covered and passages for translation are geared towards the Greek Mythology and City of Rome topics for the non-linguistic studies element of the ISEB syllabus.
