... My First Discoveries  
A historian and lifelong Francophile takes readers on a fascinating journey through the ages, revealing a rarely seen Paris, as he, using 21 stops of the subway system as focal points, reveals the often violent events that shaped one of the world's most romanticized city. 50,000 first printing.  
Mémoires pour servir à l'histoire de France sous Napoléon:  
Mémoires SMF  
Who were our earliest

human ancestors? Where did they come from? What tools did they invent? How did they evolve over time? What traces did they leave behind? The reader will learn answers to these and many more questions. Children will step inside the cave of a prehistoric family by turning the page, learn about hunting mammoth and reindeer, making clothes and tools, and painting on cave walls with their hands.

**A History of France**  
Macmillan

This dynamic collection presents a new way of writing national and global histories while developing our understanding of France in the world through short, provocative essays that range from prehistoric frescoes to Coco Chanel to the terrorist attacks of 2015. Bringing together an impressive group of established and up-and-coming historians, this bestselling history conceives of France

not as a fixed, rooted entity, but instead as a place and an idea in flux, moving beyond all borders and frontiers, shaped by exchanges and mixtures.

Presented in chronological order from 34,000 BC to 2015, each chapter covers a significant year from its own particular angle--the marriage of a Viking leader to a Carolingian princess proposed by Charles the Fat in 882, the Persian embassy's reception at the court of Louis XIV in 1715, the Chilean coup d'état against President Salvador Allende in 1973 that mobilized a generation of French left-wing activists. France in the World combines the intellectual rigor of an academic work with the liveliness and

readability of popular history. With a brand-new preface aimed at an international audience, this English-language edition will be an essential resource for Francophiles and scholars alike.
