When a giant squid  
takes inventory of all of  
the creatures in the  
ocean, he realizes that  
he?s way bigger than  
most of them! Of  
course, there are  
bigger things lurking  
around . . . but maybe  
this giant squid with a

giant touch of hubris doesn't really care? First-time author-illustrator Kevin Sherry is sure to garner fans of all sizes for his perfect-for-preschool read-aloud with simple text, bold and delightful collage art, and a lovable squid whose spirit just cannot be crushed. *Log Home Design* Univ. of Tennessee Press

This book explores the political views and actions of religious adherents who claim to base their faith on a literal interpretation of the Bible. Focusing on several small Baptist sects scattered throughout the middle and uplands South, Clifford Grammich finds that these groups are often highly engaged politically at the local level. He thus challenges the

traditional view of these Baptists as politically aloof, concerned only with matters of faith and personal conduct. Grammich shows that the politics arising from these groups' religious beliefs are not those of any consistent, pervasive ideology. Rather, he argues, such politics more often reflect a series of adaptations to local circumstances. *The Recovery of Nitrate from Chilean Caliche* Storey Publishing

Religion and Free Speech covers events ranging from the Charlie Hebdo attacks in France to prayer in schools to denying service to gay customers, exploring how free speech and religious freedom overlap and sometimes

conflict in modern society. Aligned to Common Core Standards and correlated to state standards. Essential Library is an imprint of Abdo Publishing, a division of ABDO.

What if hurricane

Katrina never reached New Orleans? With this touch of alternative history as a backdrop, Brite's series featuring master chefs Rickey and G-Man takes a more ruminative turn. This time the gay duo is struggling to prepare

a banquet of wild duck for the Louisiana branch of Ducks Unlimited. The real core of the book, though, is surprisingly philosophical, as Brite reflects perceptively on how we become who we are.
