This book examines the development of the Arabic novel in post-independence Algeria. It focuses on novels by Abdelhamid Benhadouga, al-Tahar Wattar and Rachid Boudjedra during the period 1972-1988, considering the possibilities for critical expression in the state which emerged from colonial rule and anti-colonial struggle. It investigates the authors' attempts to negotiate the constraints arising from authoritarian rule and restrictive ideologies of language and gender. This is the first extended study of Algeria's post-independence Arabic literature in a European language.

Driving is a privilege and not a right. Drivers must drive responsibly and safely, obey traffic laws, and never drink and drive. Finally, make sure that you and your passengers are properly buckled up - it's the law! Today's vehicles are loaded with technology that was unheard of even a decade ago. Systems that warn when you are drifting from your lane, assist you in parallel parking, automatically brake in emergency situations and provide 360 degrees of vision around the vehicle via a camera are becoming standard, even on moderately priced vehicles. As remarkable as these leaps in automotive technology are, the truth is that the most important safety feature in any vehicle remains you as the driver. Therefore, it is to your benefit to continue improving and expanding your knowledge of traffic laws and safe driving practices. Driving is a privilege. Once you have been issued a driver's license, you have the responsibility to continually demonstrate the skill and knowledge to drive safely. Whether you have been behind the wheel for decades or are just starting to venture out, driving is a discipline that requires judgment, knowledge, physical and mental self-awareness, and practice. "What Every Driver Must Know" is an excellent resource for assisting you on this lifelong journey.
