What comes after happily ever after...? On paper, Devon Wardell has everything he ever wanted. The girl of his dreams, the job he trained for, the family he never hoped he could have. So why is everything starting to unravel? After rescuing the city of London and pulling back the supernatural community from the brink of destruction, the famous friends had hoped to settle into their normal routine. Vivian is gone, the secret is protected, and despite the perpetual chaos that's hounded them since Guilder, each one has survived to fight another day. But a new threat is always on the horizon, and the agents of the Privy Council can never stay idle for long. Torn between the dangers at work and the stresses at home, Devon finds himself struggling to keep his head above water. With his wife away on assignment and a series of dark coincidences piling up in London, he finds himself wondering if there are darker forces at play. When you're born with a tatù, is there such a thing as normal? How does one manage to be a father and a superhero at the same time? Every day the stakes are getting higher. How long before that delicate balance finally breaks? Kerrigan

The Carradignes. A family of wealth and honor... But amidst this world of privilege and passion, an unforeseen peril lurks. From USA TODAY bestselling author Kasey Michaels, a compelling contemporary tale. A new queen is to be crowned. And a mysterious assassin is hell-bent on stopping it. But Captain Devon Montcalm will see Princess Kelly Carradigne ascend to her throne as queen, even if it means throwing himself in front of a bullet. From critically acclaimed author Carolyn Davidson, a heart-stopping historical prequel. A long-lost king has been discovered. And the false ruler will never let "Alex Carr" claim his birthright. But Alex has sharply honed skills from his dangerous past...and sweet Rebecca Hale to give him the strength to claim a destiny too long denied.

**The Truth About Men** DigiCat

Devon never wanted to be free. He never wanted to leave the safety of the harem. Forced out of the only home he's ever known, he's cold, hungry and...angry for the first time in his life. Revenge needs to be very sweet. Faced with an impossible choice, Devon threw away his only chance of returning

to his Master and the sheltered life of a pleasure slave. Now, abandoned and abused, Devon is struggling to find his way alone in a strange new world—Earth. Being a stray certainly isn't easy, and replacing his Master is proving almost impossible. Then he meets Nate. Nate isn't looking for a mate. He certainly didn't expect to find him in a club about to go down on another man! But something about Devon calls to him like no one ever has before. Now if he can just make sure Devon isn't the most dangerous kind of shifter—the kind that would do anything to return to their master—perhaps they can work on exploring the mutual attraction that's simmering between them, ready to explode. Unfortunately, there are more challenges still ahead for Devon. More for Nate and Devon to face than learning secrets and earning trust with a new mate. There are enemies moving in. Some they never knew existed, and some that still haunt Devon's nightmares. And they're ready and waiting to take any chance of a happily ever after away forever.

With the information-management app DEVONthink 3 , you no longer have to swim in a sea of web bookmarks, email receipts, RSS feeds, scanned memos, and downloaded bank statements. DEVONthink stores your digital documents and clippings, helps you scan and store paper documents, and serves as home base for organizing and viewing all your information. But mastering all that power can take effort, and this book-created in partnership with DEVONtechnologies-has the real-world advice you need to understand how DEVONthink can bring order to your information. You'll also learn how to extend your DEVONthink experience beyond your main Mac with detailed coverage of the many ways you can sync DEVONthink databases to other Macs and to iOS devices using the DEVONthink To Go iOS app. After covering essential DEVONthink vocabulary and concepts, including the completely reworked user interface of DEVONthink 3, Joe helps you start using DEVONthink effectively. You'll learn how to: Decide how many databases you need and set them up Determine whether to input or index data Configure where incoming data will go Import data from many different apps Import data from a scanner, including OCR options Use grouping and tagging to organize data Add and work with DEVONthink 3's expanded metadata capabilities Use simple (and sophisticated) techniques for searching Create smart groups that automatically gather newly imported data Use smart rules and AppleScript to automate countless activities within DEVONthink Create documents in plain text, HTML, Markdown, and more Edit documents in DEVONthink (or externally) Find the best way to sync DEVONthink data with other devices Work with reminders, smart templates, and other sophisticated tools Convert documents between formats Effectively use the DEVONthink To Go iOS app Share DEVONthink documents with other people Export documents from DEVONthink Back up and maintain healthy databases Questions answered in the book include: What is DEVONthink good for, and what should be left to other apps? What kinds of data can I import? (Short answer: Nearly everything!) How can I display my data in a way that works well for me? When I import documents from different sources, where do they end up, and why? Is it better to sort imported documents right away, or leave them for later? Should I group my data, tag it, or both? What are duplicates and replicants, and how can I tell them apart? Which types of data can be created or edited within DEV...

Another day, another zombie T-Rex to put down. All part of the routine for Arthur Wallace and MI37—the government department devoted to defending Britain from threats magical, supernatural, extraterrestrial, and generally odd. But a zombie T-Rex is only the first of Arthur's problems, as Russian cyborg wizards threaten his life, and his coworkers threaten his sanity.

*The Man Who Murdered Tomorrow* White Hart Fiction

They say flying is the safest way to travel. Clearly whoever said that has never traveled with a mad scientist in custody. After finding, and apprehending, his absentee father, Alex Cheradon and his team are ready for their flight back home to Clayton City. One six hour nonstop flight from Las Vegas and then everything's back to normal. Except that this isn't an ordinary flight. And Charles Cheradon isn't an ordinary scientist. Hence the 'mad' label. And Devon Christian...Well, obviously he's not normal. That just goes without saying. And Alex Cheradon has an excellent track record for being in the wrong place, at the wrong time, for the wrong reasons. This flight isn't going to be any different. Trapped on a flight that feels like it's going nowhere, Alex finds himself worrying about his crazy partner, having to go head-to-head with a terrorist and, worst of all, dealing with a deadbeat dad who just wants to have a heart-to-heart with his son.
