#### Inspector Morse: The First Three Novels

Routledge

The Way Through the Woods is the tenth novel in Colin Dexter's Oxford-set detective series. Quietly, rather movingly, Strange was making his plea: 'Christ knows why, Lewis, but Morse will always put himself out for you.' As he put the phone down, Lewis knew that Strange had been right . . . in the case of the Swedish Maiden, the pair of them were in business again . . . They called her the Swedish Maiden - the beautiful young tourist who disappeared on a hot summer's day somewhere in North Oxford. Twelve months later the case remained unsolved - pending further developments. On

holiday in Lyme Regis, Chief Inspector Morse is startled to read a tantalizing article in The Times about the missing woman. An article which lures him back to Wytham Woods near Oxford . . . and straight into the most extraordinary murder investigation of his career. The Way Through the Woods is followed by the eleventh Inspector Morse book, The Daughters of Cain.

"Another deviously construction Inspector Morse mystery from the masterly hand of Colin Dexter."—The New York Times Book Review Why would a sniper shoot suburban physiotherapist Rachel James as she sips her morning coffee? Inspector Morse's hunt for answers kicks off with a tabloid journalist, winds through the strip clubs of Soho, then returns to Oxford,

where two senior dons and their wives battle for a plum promotion. Then, on the personal front, Inspector Morse receives intimations of his own mortality. And while Morse muses on life, he reveals his first name at last. . . . Praise for Death Is Now My Neighbor "An excellent writer . . . Dexter's mysteries featuring Inspector Morse just keep getting better."—Associated Press "His best work yet, full of insight into human nature and rich with real emotion."—The Christian Science Monitor "A brilliant tour de force, an ingenious exploration of the human heart . . . At once sensitive, profoundly wise, and deeply felt."—Buffalo News [Sound / image](#) Ivy Books

Now a major Channel 5 series 'The Queen of Crime.' New York Times Combe Island off the Cornish coast is a restful retreat for the rich and the powerful. But the peace of

the island is violated when one of its distinguished visitors is murdered. Adam Dalgliesh is called in to solve the mystery quickly and discreetly, but at a difficult time for him and his depleted team. Hardly have the team begun to unravel the complicated motives of the suspects that there is a second brutal killing and the whole investigation is jeopardised when Dalgliesh is faced with a danger more insidious and as potentially fatal as murder. 'P. D. James on top form . . . you will love it.' Spectator 'Has enough twists, turns and false leads to keep one gripped throughout.' Mail On Sunday

In *Critique of Black Reason* eminent critic Achille Mbembe offers a capacious genealogy of the category of Blackness—from the Atlantic slave trade to the present—to critically reevaluate history, racism, and the future of humanity. Mbembe teases out the intellectual consequences of the reality that Europe is no longer the world's center of gravity while mapping the relations among colonialism, slavery, and contemporary financial and extractive capital. Tracing the conjunction of Blackness with the biological fiction of race, he theorizes Black reason as the collection of discourses and practices that equated Blackness with the nonhuman in order to uphold forms of oppression. Mbembe powerfully argues that this equation of Blackness with the nonhuman will serve as the template for all new forms of exclusion. With *Critique of Black Reason*, Mbembe offers nothing less than a map of the world as it has been constituted through colonialism and racial thinking while providing the first glimpses of a more just future.

#### Last Seen Wearing Pan Macmillan

Winner of the CWA Silver Dagger Award, *The Dead of Jericho* is the fifth novel in Colin Dexter's Oxford-set Inspector Morse series. Morse switched on the gramophone to 'play', and sought to switch his mind away from all the terrestrial troubles. Sometimes, this way, he almost managed to forget. But not tonight . . . Anne Scott's address was scribbled on a crumpled note in the pocket of Morse's smartest suit. He turned the corner of Canal Street, Jericho, on the afternoon of Wednesday, 3rd October. He hadn't planned a second visit. But he was back later the same day – as the officer in charge of a suicide investigation . . . *The Dead of Jericho* is followed by the sixth book in the detective series, *The Riddle of the Third Mile*.

#### *The Secret Of Annexe 3 A Format (special)* Pan Macmillan

*The Riddle of the Third Mile* is the sixth

novel in Colin Dexter's Oxford-set detective series. The thought suddenly occurred to Morse that this would be a marvellous time to murder a few of the doddering old bachelor dons. No wives to worry about their whereabouts; no landladies to whine about the unpaid rents. In fact nobody would miss most of them at all . . . By the 16th of July the Master of Lonsdale was concerned, but not yet worried. Dr Browne-Smith had passed through the porter's lodge at approximately 8.15 a.m. on the morning of Friday, 11th July. And nobody had heard from him since. Plenty of time to disappear, thought Morse. And plenty of time, too, for someone to commit murder . . . *The Riddle of the Third Mile* is followed by the seventh Inspector Morse book, *The Secret of Annexe 3*.

#### *Crime Fiction* Manchester University Press

*The Wench is Dead* is the eighth novel in Colin Dexter's Oxford-set detective series. That night he dreamed in Technicolor. He saw the ochre-skinned, scantily clad siren in her black, arrowed stockings. And in Morse's muddled computer of a mind, that siren took the name of one Joanna Franks . . . The body of Joanna Franks was found at Duke's Cut on the Oxford Canal at about 5.30 a.m. on Wednesday, 22nd June 1859. At around 10.15 a.m. on a Saturday morning in 1989 the body of Chief Inspector Morse – though very much alive – was removed to Oxford's John Radcliffe Hospital. Treatment for a perforated ulcer was later pronounced successful. As Morse begins his recovery he comes across an account of the investigation and the trial that followed Joanna Franks' death . . . and becomes convinced that the two men hanged for her murder were innocent . . . *The Wench is Dead* is followed by the ninth Inspector Morse book, *The Jewel That Was Ours*.

Both detective and reader attempt to solve the crimes in detective novels, relying on the same motifs but employing different narrative interpretations to do so. A unique and lucid examination of a complex genre.

An exciting new strand in The Television Series, the 'Moments in Television' collections celebrate the power and artistry of television, whilst interrogating key critical concepts in television scholarship. Each 'Moments' book is organised around a provocative binary theme. Sound / image reassesses the synergy between televisual images, and sounds and music, as a key creative interaction warranting closer attention. Through close scrutiny of visual and sonic elements, the book's chosen programmes are persuasively illuminated in new ways. The book explores an eclectic range of TV fictions, dramatic and comedic.

Contributors from diverse perspectives come together to expand and enrich the kind of close analysis most commonly found in television aesthetics. Sustained, detailed programme analyses are sensitively framed within historical, technological, institutional, cultural, creative and art-historical contexts.

"The sweet countenance of Reason greeted Morse serenely when he woke, and told him that it would be no bad idea to have a quiet look at the problem itself before galloping off to a solution." Chief Inspector Morse was alone among the congregation in suspecting continued unrest in the quiet parish of St Frideswide's. Most people could still remember the churchwarden's murder. A few could still recall the murderer's suicide. Now even the police had closed the case. Until a chance meeting among the tombstones reveals startling new evidence of a conspiracy to deceive . . .

#### The Complete Inspector Morse (New

Revised Edition) Irregular Special Press  
 “Audacious and amusing . . . may be the best book yet in this deservedly celebrated series.”—The Wall Street Journal  
 It was only the second time Inspector Morse had ever taken over a murder enquiry after the preliminary—invariably dramatic—discovery and sweep of the crime scene. Secretly pleased to have missed the blood and gore, Morse and the faithful Lewis go about finding the killer who stabbed Dr. Felix McClure, late of Wolsey College. In another part of Oxford, three women—a housecleaner, a schoolteacher, and a prostitute—are playing out a drama that has long been unfolding. It will take much brain work, many pints, and not a little anguish before Morse sees the startling connections between McClure's death and the daughters of Cain. . . . Praise for *The Daughters of Cain* “Very cleverly constructed. . . . Dexter writes with an urbanity and range of reference that is all his own.”—Los Angeles Times  
 “You don't really know Morse until you've read him. . . . Viewers who have enjoyed British actor John Thaw as Morse in the PBS Mystery! anthology series should welcome the deeper character development in Dexter's novels.”—Chicago Sun-Times  
 “A masterful crime writer whom few others match.”—Publishers Weekly

**Death Is Now My Neighbor** Fawcett  
 Much too early on New Year's Day, a grumpy Inspector Morse is summoned to investigate a murder at the Haworth Hotel. The victim is still wearing the Rastafarian costume that won him first prize at the hotel's New Year's Eve party; his female companion and the other guests in the annexe have vanished. It's a mystery that's a stretch even for Morse. But with pit-bull fervor he grabs the truth by the throat and shakes loose the bizarre secrets of a cold-blooded crime of passion. . . .

*Last Bus to Woodstock* Soho Press  
 This well illustrated text forms a critical appraisal of the place and direction of architecture and urban design in a new world order at the start of the 21st century. The book defines architectural and environmental goals for the New Age by analysing recent contemporary work for its responsiveness to important social and environmental issues and comparing it to successful precedents in architecture. It argues that this new sustainable approach to architecture should be recognised as a new development of mainstream architectural history. This practical guide illustrates current social and natural resource issues to aid architects in their

approach to future design. Environmental economics is presented as a potential bridge over the divide between the expectations of the business sector and the concerns of environmental lobbies. Through examples and case studies, an accessible analysis of carefully researched data, drawn from primary sources over four continents, allows the author to outline the current urgency for architects and urban designers to respond with real commitment to current and future changing contexts. This book expresses a holistic vision and proposes a value system in response to the diagnosis. It includes: sound architectural and environmental ethics; end user involvement in the design process and technological advances aimed at sustainable resource use. Includes international case studies from Europe, North America, the Developing world including South Africa, South America and Central Asia.

Death Is Now My Neighbour; The Secret of Annexe 3 Pan Macmillan

*The Jewel That Was Ours* is the ninth novel in Colin Dexter's Oxford-set detective series. He looked overweight around the midriff, though nowhere else, and she wondered whether perhaps he drank too much. He looked weary, as if he had been up most of the night conducting his investigations . . . For Oxford, the arrival of twenty-seven American tourists is nothing out of the ordinary . . . until one of their number is found dead in Room 310 at the Randolph Hotel. It looks like a sudden – and tragic – accident. Only Chief Inspector Morse appears not to overlook the simultaneous theft of a jewel-encrusted antique from the victim's handbag . . . Then, two days later, a naked and battered corpse is dragged from the River Cherwell. A coincidence? Maybe. But this time Morse is determined to prove the link . . . *The Jewel That Was Ours* is followed by the tenth Inspector Morse book, *The Way Through the Woods*.

*Bowker's Guide to Characters in Fiction 2007* Halban Publishers

Featuring the first three books in Colin Dexter's classic crime series starring Inspector Morse: *Last Bus to Woodstock*, *Last Seen Wearing* and *The Silent World of Nicholas Quinn*. *Last Bus to Woodstock*: The death of Sylvia Kaye figured dramatically in Thursday afternoon's edition of the Oxford Mail. By Friday evening Inspector Morse had informed the nation that the police were looking for a dangerous man – facing charges of wilful murder, sexual assault and rape. But as the obvious leads fade into twilight and darkness, Morse becomes more and more

convinced that passion holds the key . . . *Last Seen Wearing*: Morse was beset by a nagging feeling. Most of his fanciful notions about the Taylor girl had evaporated and he had begun to suspect that further investigation into Valerie's disappearance would involve little more than sober and tedious routine . . . The statements before Inspector Morse appeared to confirm the bald, simple truth. After leaving home to return to school, teenager Valerie Taylor had completely vanished, and the trail had gone cold. Until two years, three months and two days after Valerie's disappearance, somebody decides to supply some surprising new evidence for the case . . . *The Silent World of Nicholas Quinn*: Morse had never ceased to wonder why, with the staggering advances in medical science, all pronouncements concerning times of death seemed so disconcertingly vague. The newly appointed member of the Oxford Examinations Syndicate was deaf, provincial and gifted. Now he is dead . . . And his murder, in his north Oxford home, proves to be the start of a formidably labyrinthine case for Chief Inspector Morse, as he tries to track down the killer through the insular and bitchy world of the Oxford Colleges . . .

*The Secret of Annexe 3* is the seventh novel in Colin Dexter's Oxford-set detective series. Morse sought to hide his disappointment. So many people in the Haworth Hotel that fateful evening had been wearing some sort of disguise – a change of dress, a change of make-up, a change of partner, a change of attitude, a change of life almost; and the man who had died had been the most consummate artist of them all . . . Chief Inspector Morse seldom allowed himself to be caught up in New Year celebrations. So the murder inquiry in the festive hotel had a certain appeal. It was a crime worthy of the season. The corpse was still in fancy dress. And hardly a single guest at the Haworth had registered under a genuine name . . . *The Secret of Annexe 3* is followed by the eighth Inspector Morse book, *The Wench is Dead*.
