TRAE It's a call that
changes my life--and

my little girl's. Years ago, playing for the NBA was the dream, but the Seattle Stallions suck. Worse than that, my old teammate is now the star center--not to mention my number one rival. There has to be a catch, some sort of agenda. Before I was injured, I was the best. Now? There's no way they want me. But when I see the roster and salaries, it all comes together. It's a chance to get on the court again and change our lives. And I just can't wait for the opportunity to finally take him down. What I never counted on is Courtney Cohen being the game changer. COURTNEY I inherited the Bad News Bears of the NBA. When I discovered the star center, my ex fiancé,

cheating on me, all I want is to jump ship before the whole thing sinks. But with revenge on my mind, I exact a plan. Take down the dirty player and save my father's dream. Suddenly twelve minutes is too little time, and one season isn't long enough.

Beckwith says:

"Uma...is not merely a seeker of love, a writer about love, she IS Love. And that's what makes this a trustworthy guide through the labyrinth of love with its twists and turns..." A beautiful, quirky, love-weary, single mom is mugged in South Central LA, chases him down and wonders how she got there...an unbelievable fictional

tale based on a true story. Our heroine follows her heart from Sedona to Seattle with two sons in tow. Her fiancé suffers from an incurable disease - seriously?! She learns invaluable love lessons while singing her heart out in this riotous, topsy-turvy adventure in love. She deals with a pathological liar, her fiancé on hallucinogenic prescription drugs and his teenage brat, and survives Sexaholics Anonymous and powerfully positive, self-help groups while doing whatever it takes to find and keep love, but is it enough?

America's retail

industry is in the midst of vast changes - superstores and giant discounters are popping up on major corners. Malls are lagging while "power centers" are surging ahead. Savvy firms are combining bricks, clicks and catalogs into multi-channel retail powerhouses. Which are the hottest retailers? What lies ahead? Our market research section shows you the trends and a thorough analysis of retail technologies, chain stores, shopping centers, mergers, finances and future growth within the industry. Included are major statistical tables showing everything from monthly U.S. retail sales, by sector, to mall sales per square foot, to the 10 largest malls in the US.

Meanwhile, the corporate profiles section covering nearly 500 firms gives you complete profiles of the leading, fastest growing retail chains across the nation. From Wal-Mart and Costco to Barnes & Noble and Amazon, we profile the major companies that marketing executives, investors and job seekers most want to know about. These profiles include corporate name, address, phone, fax, web site, growth plans, competitive advantage, financial histories and up to 27 executive contacts by title. Purchasers of the printed book or PDF version may receive a free CD-ROM database of the corporate profiles, enabling export of vital corporate data for mail

 Until World War II, the Four Corners Region—where New Mexico, Colorado, Utah, and Arizona meet—was a collection of isolated rural towns. In the postwar baby boom era, however, small communities like Farmington, New Mexico, became bustling municipalities with rapidly expanding economies. In *Quest for the Golden Circle*, Arthur Gomez traces the development of the Four Corners' two industries, mining and tourism, to discover how each contributed to the economic and urban transformation of this region during the 1950s and 1960s. Focusing on four cities—Durango, Colorado; Moab, Utah;

Flagstaff, Arizona; and Farmington, New Mexico—Gomez chronicles how these towns played key roles in the West's dramatic postwar expansion. Cities such as Denver, Albuquerque, Phoenix, Tucson, El Paso, and Salt Lake City all grew through use of the abundant petroleum, uranium, natural gas, timber, and other natural resources extracted from the Four Corners region. But the energy boom in these towns was not to last. With the arrival of foreign oil bringing economic growth to a halt in the early 1970s, town leaders turned again to the land to stimulate their economy. This time, the resource was a seemingly inexhaustible one—tourism. Gomez

examines how business-minded citizens marketed the area's scenic wonders and established the entire region as a tourist destination. Their efforts were further assisted by the selection of stunning federal lands—Mesa Verde, Grand Canyon, and Arches National Parks—as treasures protected and promoted by the National Park Service. Both mining and tourism, however, were beset by complex new problems and issues. Extensive highways, for instance, were planned to bisect a Navajo reservation. As Gomez illustrates, the growing cities in the Four Corners region felt tremendous competing pressures between outside business powers and

local needs as their extractive economy boomed and busted and as they then struggled to attract tourism dollars. In addition, he highlights the prominent roles played by federal agencies like the Atomic Energy Commission and the National Park Service in shaping regional destiny. An outstanding analysis of the complexities of postwar development, *Quest for the Golden Circle* successfully illuminates the history of one region within the larger story of the modern American West.

Since 1976, newcomers and natives alike have learned about the rich history of the magnificent place they call home from *Colorado: A History of the Centennial State*. In the fifth edition, coauthors Carl Abbott, Stephen J. Leonard, and Thomas J. Noel incorporate recent events, scholarship, and insights about the state in an accessible volume that general readers and students will enjoy. The new edition tells of conflicts, shifting

alliances, and changing ways of life as Hispanic, European, and African American settlers flooded into a region that was already home to Native Americans. Providing a balanced treatment of the entire state's history—from Grand Junction to Lamar and from Trinidad to Craig—the authors also reveal how Denver and its surrounding communities developed and gained influence. While continuing to elucidate the significant impact of mining, agriculture, manufacturing, and tourism on Colorado, the fifth edition broadens and focuses its coverage by consolidating material on Native Americans into one chapter and adding a new chapter on sports history. The

authors also expand their discussion of the twentieth century with updated sections on the environment, economy, politics, and recent cultural conflicts. New illustrations, updated statistics, and an extensive bibliography including Internet resources enhance this edition.

 One church says "No" to a scary person. Another church says "Yes" and the astonishing results demonstrate why Scripture says of faith, hope and love that "the greatest of these is love." This inspiring true story will encourage and equip you and your church with ways to show God's love to a scary person. We in the church need to understand and apply this powerful story and what it teaches about the radical nature of love in action. - Catherine Martin, founder, Quiet Time Ministries I believe the Spirit was inviting us into a new level of obedience and trust.
